## **EXPRESS SHOT PROGRAM**

**IN ORDER TO STREAMLINE THE ALLERGY SHOT PROCESS**, and decrease waiting times, we are introducing a voluntary new program called **EXPRESS SHOTS**.

**EXPRESS SHOTS ALLOWS YOU TO CALL THE OFFICE UP TO 24 HOURS IN ADVANCE** to schedule your shot time. This will allow our shot room technicians to pre-prepare your shots, which could significantly decrease your wait time in the office.

**IF YOU PREFER TO HAVE THE SAME APPOINTMENT TIME EACH WEEK** we can also prearrange that so that you do not have to call each time. We only require that you cancel within 24 hours if you won't be able to make your appointment that week or wish to reschedule.

**EXPRESS SHOTS WILL ELIMINATE WAITING TIME** for your vaccines to be drawn up. We hope the EXPRESS SHOTS option will be something you will choose as this Program will allow us to attend to your needs in a more timely and efficient manner.

Please note, if you call less than 24 hours in advance, we cannot guarantee your shots will be completely prepared upon your arrival.

**To Schedule Your Shots, Call**
