

FLORIDA

In partnership with our fingerprinting vendor IdentoGo, Florida non-resident applicants will now be able to utilize LiveScan fingerprint services in more than 290 locations around the country. Applicants may enter their zip code on the fingerprint registration site to locate the nearest location to use this new option. Using the LiveScan method will reduce the fingerprint processing time compared to mailing paper fingerprint cards. Once fingerprinted at a LiveScan location, fingerprint results are typically received within 48-72 hours. If there isn't a LiveScan location close enough, applicants can still select to have fingerprint cards mailed to them using the prior method.

To view more information about the Florida fingerprint process, please visit our website at: www.myfloridacfo.com/Division/Agents/Licensure/Agents-Adjusters/fingerprinting.htm.

To search for available LiveScan locations and register for fingerprinting, please visit www.L1enrollment.com/FLInsurance.
