KIDSAFE FINGERPRINT SCAN FOR COACHES AND ASSISTANT COACHES

Our Fall Soccer Session is about to begin and in order to protect our children from child predators and those who exploit our children, we will be utilizing the "KIDSAFE" Live Scan" fingerprint system for all administrators, coaches and assistant coaches.

4S Ranch Youth Soccer Association (4SRYSA), in collaboration with Cal South Youth Soccer has once again made advancements in the KIDSAFE Risk Management Program by switching to Live Scan fingerprint technology. This switch solidifies 4SRYSA's position as having one of the most progressive Risk Management programs in the country with the intent on keeping our children safe.

Live Scan digital submissions provide the quickest way to submit and process background checks through the Department of Justice. They also provide for seamless integration into the California DOJ subsequent arrest notification program, providing the following benefits:

- Quicker DOJ turnaround on all fingerprint submissions
- More professional Risk Management fingerprinting sessions.
- More sessions, shorter lines, and the ability to get scanned at a time that fits into your schedule.
- Keeping your League & Players KIDSAFE!
- We have made fingerprint scanning arrangements with:
