## What is FAITH?

### What is Faith?

The Biblical Definition Of Faith is the substance of things hoped for, the evidence of things not seen. Some times this a tough one for us grasp. We are taught growing up to always look for things that are tangible. However each day we practice faith when we sat down in a chair. Very rarely we inspect the chair or ask who was the manufacturer of the chair nor do we ask for a guarantee that the chair will hold us. God ask us to have faith and to try him through his son Jesus Christ.

### How Do I activate my faith?

The bible tells us that for God so loved the world that sent his only begotten son, that whosoever believe in him shall not perish but have everlasting life. It also tells us that If thou confess with the mouth the Lord Jesus and believe in your heart that God has raised him from the dead that you shall be saved. All God ask of us to believe, follow and have faith in what he has said according to his word. He says if we just have the faith of a mustard seed it will grow into something unimaginable.
