## Eligibility to Sell:

- The boy or girl must be a member of a McKean County 4-H Club.
- A member must attend **at least** 60% of the clubs business and educational meetings and must be registered with a 4-H club by March 1st. Exceptions will be made for those enrolled in college.
- Steers – must be at least 50% of an established beef breed and exhibit beef characteristics.
- Must attend one entire livestock county-wide meeting.

## County Requirements:

*Pennsylvania 4-H State Policy states that a 4-H member cannot carry the same project in more than one county. For example: A member could not enroll in a beef project in X County and also enroll in a beef project in Y county.* Any project taken for sale and/or competition in McKean County cannot be taken in another county, and any project taken in another county cannot be entered under 4-H in McKean County.

All members must have McKean County 4-H/Youth Livestock Exhibitors Code of Ethics and McKean County 4-H Livestock Guidelines form on file with the proper signatures to be eligible for the show and sale. All exhibitors must have completed Quality Animal Management (Quality Assurance) training (for livestock) by July 1st of the current year.

The 4-H member should care for (feed, exercise, and handle) the animal the majority of the time. Adults should not do the majority of the work. The 4-H member may have appropriate involvement or assistance from an adult. All pens must be cleaned by Sunday morning at the end of fair week or members will lose \$10.00 per pen from their checks.

## Project Books:

Use approved 4-H curriculum obtained from your county 4-H Extension Educator. Project books may be entered in the fair for judging; however, in order to complete the project, 4-H members **MUST** complete the final budget page in their record book by 9 p.m. on Saturday at the end of fair week in order to receive their sale checks. The sale checks from the livestock auction will be distributed upon receiving the exhibitors completed project record book.

## Number of Project Animals Permitted in 4-H Show and Sale:

Three animals per member may be entered and exhibited in the 4-H Show and Sale. Members may choose a maximum of two (2) animals per species, except beef, in which case one beef may be exhibited. If a member registered extra animals and one of the first three (3) is underweight at fair, he/she may weigh in an extra registered project animal if it is present at weigh-in. The first three (3) animals to make weight are the project animals, following the usual species restrictions. Any additional animals may be entered in the open/youth class. To be eligible for sale, member must enter in showmanship and fitting and have completed a project book and record book per species. Exhibitors who are enrolled in college, members with a doctor excuse or who are physically unable to exhibit their projects are exempt from participating in the show. The livestock committee must be notified prior and a substitute showman will be permitted.

## Dress Code:

The following dress code will be followed at all functions sponsored by the Livestock Committee during fair:
