

HEBREW ALEFBET

ישו (ישע) יהו 44:6 - כה־אמר יהוה מלך־ישׂראל וג־אלו יהוה צב־אות אני ראשון ואני אחרון ומבלעדי אין אלהים:

The Hebrew alefbet אֲלֶפֶת־בֵּית עברי is known as the *Jewish Script*. The writing has variations also in the form of the square and block script. One is the original old Hebrew script known as the *Paleo-Hebrew* script. This is the form that has been preserved over millennia and part of the Semitic family of languages. The present modern script is called the square form that follows more of an Aramaic script. There is a cursive Hebrew script, which has also varied over time and place. The following is the individual *alefbet* characters. *Alef* is the first letter, *Tav* is the last letter. The Hebrew language lends itself to the study of numbers, which is called Numerology and Gematria as it has been noted. Like any form of knowledge, these studies in numbers can and are used for good and for evil. Bible codes are a form of Numerology as some examples from the Torah will be presented.

The Semitic language family tree starts with the Proto-Canaanite and the cuneiform alphabetic the Proto-Canaanite developed into the Phoenician script. Semite comes from the name of the 2nd son of Noah, Shem who primarily settled in the Fertile Crescent. The Paleo-Hebrew comes from the Phoenician alphabet and characters from which Hebrew script is derived from. This script was changed to Aramaic alphabet the 5th century BC although present day Samaritans still use it. Some of the Dead Sea Scrolls contained manuscripts in Paleo-Hebrew.

As in any other language, the Hebrew language has dialects. They reflect the places the Jews have been during the Diasporas when due to judgment, YHVH evicted the nation from the Promised Land to the 4 corners of the world. Aside from Hebrew as being primarily the dominate language there is Yiddish, Ladino, and Judeo-Arabic. The Hebrew language and characters are also used in the concept of Gematria. It is the discipline of changing portions of text into numbers to look for 'codes' and a deeper meaning or message. This has been done with other languages as well but in terms of Hebrew, it has also been part of the Jewish Kabbalistic tradition. This has been true since the Babylonian Captivity that has its source of origin in the Luciferian occult that was codified by Nimrod.

SEMITIC LANGUAGE TREE

Aramaic came from the conquest of the Assyrian after the 1st Temple period. The Hebrew square script came from this. It is believed that Ezra brought also the script after the Babylonian Captivity. During the time of Christ Jesus, Aramaic was the common language of the region. The Paleo-Hebrew was still used as the Hebrew script. Aramaic has mostly survived in Christian communities around the Middle East.

בְּרֵאשִׁית בְּרָא אֱלֹהִים אֵת הַשָּׁמַיִם וְאֵת הָאָרֶץ:

1 אשר העיד דבר האלהים ועדות ישוע 2 חזון ישוע המשיח אשר נתן לו האלהים להראות את עבדיו את אשר היה יהיה במהרה והוא הודיע בשלחו ביד מלאכו לעבדו יוחנן: 3 אשרי הקורא ואשרי השמעים את דברי הנבואה ושומרים את אשר כתוב בה כי קרובה העת: 3המשיח ואת כל אשר ראה:

The following is the example of how Jesus, the *Alpha* and *Omega* in Greek or the *Alef* and the *Tav* in Hebrew is encoded in Genesis 1:1. The Bible starts with this 'hidden' imagery of Jesus in the midst of the Creation verse, the Bible ends with the revelation of who this *Alef* and *Tav* is. It is Jesus. The 3 character word אֵת made up of the *Beyt* that in Paleo-Hebrew was depicted as a house or tent. The second letter was the *Resh*. It denoted a man's head to infer a 1st rank or sequence order. The last character was the *Al* that was depicting an ox's head. The pictorial core can be read as 'In the Beginning, GOD the SON, GOD, The Beginning and the END (Jesus) created the Heavens and the Earth.'

THE CRUCIFIXION OF ADONAI
Jesus is found in the Alefbet in that each letter is a particular facet of the character and person of Messiah. Each letter is a 'code' that reveals the hidden meaning based on the letter's root definition. The *Alef* and *Tav*, the Beginning and End is a title of Jesus and inferences to His 1st Coming and 2nd Coming. It is a 'veiled' depiction of the LORD being crucified. The *Tav* represents the means by which Jesus Jesus was marked by the nails on His hand to seal that on the Cross. The *Alef* denotes how the coming King was and is a Teacher, meek, as a Joshua, a leader who is the LORD that is to reign on Earth at His 2nd Coming as the conqueror over sin, death and Lucifer. The *Alef* and *Tav* are in reversed order as Jesus, the King, 1st humbled Himself to redeem Adam's race. Jesus first came as the 'Lamb' of YHVH before He is to take possession of the Kingdom of GOD on Earth at His 2nd Coming as a 'Lion'. The Following are the definitions of *Tav* and *Alef*, which literally means at its ultimate inference, 'Adonai on the Cross'.
