FOR IMMEDIATE RELEASE

LOCAL DU CHAPTER EARNS CHAIRMAN'S ELITE DESIGNATION

Manassas, VA – March 3, 2021 – The Prince William Chapter of Ducks Unlimited was recently designated as one of the top volunteer chapters across the nation, receiving recognition as a Chairman's Elite Chapter, a designation reserved for chapters that raise at least \$1 million in grassroots income for DU's conservation mission.

The Chairman's Elite Chapters are among Ducks Unlimited's most prestigious volunteer chapters throughout the nation. Every year, the list is reserved for the chapters that raise at least \$1 million for DU's habitat conservation work. The Prince William chapter ranked at the top of the list out of 63 chapters in the Commonwealth of Virginia.

"These fundraising events are the backbone of DU's habitat conservation efforts, and the volunteers who make up our chapter are the difference," said PW DU Chapter President, Chip Rohr. "It takes a great deal of effort to achieve the Chairman's Elite level, and our chapter volunteers deserve to be congratulated on this great achievement."

The Prince William Chapter of Ducks Unlimited is among more than 2,600 DU chapters nationwide that host more than 3,900 fundraising events throughout the year. DU's event fundraising system has become a model for other conservation organizations around the world and has funded a significant portion of the more than 13.8 million acres of wetlands and associated habitat DU has conserved since 1937.

To learn more about the Prince William Chapter of Ducks Unlimited and how you can become involved at the local level, please contact Chip and Nancy Rohr at (703) 369-7821.

#

Ducks Unlimited Inc. is the world's largest nonprofit organization dedicated to conserving North America's continually disappearing waterfowl habitats. Established in 1937, Ducks Unlimited has conserved more than 14.5 million acres thanks to contributions from more than a million supporters across the continent. Guided by science and dedicated to program efficiency, DU works toward the vision of wetlands sufficient to fill the skies with waterfowl today, tomorrow and forever. For more information on our work, visit www.ducks.org.
