Peace and happy day.

My name is Brad Maiani, and I am the software engineer and technical consultant at Vocations Placement Services.

We wish to encourage candidates to make a vocations visit whenever possible. You must add your vocations retreat dates directly into our site. If you do not have vocations retreats we will continue to have candidates who want to visit contact you as an individual. No need to respond to this announcement.

If you have group retreats, please provide to our database dates for upcoming vocational retreats with your community. Just follow these simple steps:

- 1) Go to <http://www.vocationsplacement.org/vocdirlogin.asp>
- 2) Enter your email address, and enter "OurLady" (one word; note the capital letters, no quotation marks needed) for your password.
- 3) Provide a start and end date for the vocational retreat you'd like us to promote (using the "pop-up" calendars) as well as any comments you'd like the Vocations Placement staff to share when we advertise your retreat to potential candidates and throughout social media.

You may provide as many retreat dates as you like for as far in the future as you wish, but each must be entered separately and submitted one at a time. However, be sure to make sure what you are submitting is correct. Please look it over carefully because at this time there is no edit or delete function.

Blessings,

Brad
