

A GRAND ALLIANCE
TO SAVE OUR PUBLIC POSTAL SERVICE

The Auxiliary to the American Postal Workers Union AFL-CIO as a part of the Grand Alliance to Save our Public Postal Service, believes the United States Postal Service is a wonderful national treasure, enshrined in the Constitution and supported by the American people. They receive NO taxpayer funds and serve 150 million households and businesses each day. Service is affordable and provides universal mail service to ALL. It doesn't matter where you live, where your business is, or what you look like we all know the U.S. Postal Service belongs to "We the People."

The people of this nation deserve great public postal services. The public good must not be sacrificed for the sake of private investment and profit. A strong public Postal Service is our democratic right. Join us in the fight to protect and enhance strong public postal services – not just for today, but for all future generations.

Please join us by signing this petition – which will be forwarded by the Auxiliary to the APWU to our Congressional Representatives & Senators – as well as the Postal Board of Governors, and the President of the United States.
