My name is William Curtis Woolf. I am a 2020 award-winning author in Economics and Environment. I had a long 25-year public service career as a top-level conservative CEO and CAO Republican official. My award-winning book is an epic political-economic true-fiction parody drama of the current era’s state of affairs. This is my MCC COMPANION BOOKLET to my 2020 Award winning book called “Defeat of the Wicked Iniquitous. It also includes many of my own personal quotes that refer to the incredible Trump Madevil Era year 2021. Quotes that are representative of the real time events since the original December 2019 version on Amazon-Kindle.

I am now an Independent after being “betrayed” by the new so-called Republican GOP Party that is now unrecognizable. It is no longer a party of good character and good American values. It has by all actions and rhetoric become the dangerous far-right VIPER-Trumpligan Cult Party with dangerous actions of a cult-like dictator, values of dangerous disinformation and thuggery at every level. It has resulted in widespread American division and a growing hatred of the majority of Americans in the Democrat Party they call far-left socialists.

The VIPER-Trumpligan Party and most state and federal legislators have become active ENABLERS OF LIES AND DISINFORMATION used by dictators throughout history and in today’s dangerous and deadly world. The KING VIPER TRUMPLIGAN ENABLER LOYALIST VIPERS, with the help of Senate Majority Leader Mitch McConnell and low BARR the Attorney General, are absolute loyalists and enablers of the KING VIPER Trumpligan Madevil Era, with the thuggery and lies of all dictator-led societies. They operate without compromise, when only compromise between political legislators can preserve American democracy. Their actions are the antithesis of American Democracy and good democratic values REQUIRED for all Americans and our Allies’ democracies. It results in Presidential Insurrection and Impeachment.

A quick author's Brief Book Overview:

America, Who Are We as a Country?

America and much of the world are now divided as a result of the division created by the divisive Grim Reaper McConnell, the divisive AG Low Barr, and exasperated by the most divisive President in history, President Trump. Who are the 45% of Americans for whom the existential question now is, "Can America, or the world, ever be united again?"

The answer is, "YES WE CAN!" We the People, the 99%, the 7 billion middle working class, the poor and the disabled, in "PARTNERSHIP" WITH THE WEALTHY, CAN and MUST be united economically for the benefit of all of US! My book, websites and this MCC Companion Booklet illustrate the way it can and must be achieved.

There is more wealth in the world than ever before. The wealthy giant global corporations are the most powerful economic force on earth. We can all be economically united in a fair and balanced, and strongly and fairly "economically competitive" world with an economic PARTNERSHIP with the wealthy. That will make all of us wealthier. When we all have the same economic objective of "Prosperity and Justice for All" that benefits all of us, we CAN and WILL BE UNITED economically.

We the People, the 99%, the 7 billion of us, can be the People's Corporation, united in PARTNERSHIP with the wealthy and the other giant powerful corporations. When everyone is united economically, regardless of all politics, WE the People will all be united in PARTNERSHIP with the wealthy and giant global corporations because we all have the same ECONOMIC GOALS. We must unite economically as PARTNERS for the economic power and benefit for all.

The Standard Middle Class Capitalism People's Global Corporation Partnership Agreements with Member-Owners and other Global Retail-Wholesale Corporations

1. **The Independent Peoples International Corporation, hereafter referred to as The People's Corporation, purchases all of their product's "wholesale" from other current "giant global corporations," for their 9 billion members consumers, by People's Global Corporation's definition and design, owning their own retail stores throughout the world. That is the Standard Middle Class Capitalism People's Global Corporation Partnership Agreement with Member-Owners and other Global Retail-Wholesale Corporations.** This is the brief summary. The People's Global Corporation, "by corporate definition and design," includes all 9 billion people's member-owner retail consumers. Today's global corporations are the most powerful economic force in history. That economic power is why current retail global corporations will be Partners in The People's Global Corporation. All of its members by definition includes all person's with less than a one million dollar annual net income, by corporate definition and design. All

9 billion and growing people's economic power. And they can all do it from their own residence anywhere in the world on their computers or phones, or from their own retail stores anywhere. They are all member-owners in their own global corporation and new cyber secure global internet by corporate definition and design. The People's Corporation by corporate design has a foundation and platform of their own new corporate "guaranteed cyber secure" global internet, exclusively for their 9 billion member-owners in their own corporation. Complete in about 5 years. It replaces Google and Facebook for all of their member-owners, with factual and honest foundations and information and advertising for all of their owner-members, cyber secure, by corporate design. That is Middle Class Capitalism.

2. All new member owners receive a free starter share of general stock, a free membership, and a free middle class cyber secure space in their own massive global corporation. They can all borrow from their own corporation to purchase more general and premium stock if they choose to do so. Almost all do. And, by corporate definition and design, owner-members are all consumers of their own products in their own retail stores throughout the world. With 9 billion member-owners by design, they quickly become the most massive powerful economic force ever. The people's corporation purchases all of their product's "wholesale" from other current "giant global corporations," for their 9 billion members consumers owning their own retail stores throughout the world. That is the Standard Middle Class Capitalism People's Global Corporation Partnership Agreement with Member-Owners and other Global Retail-Wholesale Corporations. All member-owner's retail stores are financed by their own massive global corporation throughout the world. That is a brief definition of the people's new Middle Class Capitalism. Capitalism based on civil, honest and fair competition between "all of its member-owner's retail stores everywhere based on core corporate values and principles by definition and design."

3. This standard Partnership Agreement is for its 9 billion members in their growing People's Corporation to purchase all of its retail products for its 9 billion member-owners at "wholesale prices." All retail global corporations like Walmart, will compete with other global wholesale corporations to obtain the 9 billion and growing People's Corporation member-owners business. The member-owners can all buy premium stock and therefore by definition be an owner in any retail store anywhere in the world. They all purchase most of these wholesale products from the current wholesale global corporations purchased at the cheapest price for their own People's Corporation retail stores everywhere. All 9 billion member-owners are stock owners initially with their free stock. Any member can be provided a guaranteed corporate living wage job in their regions or own their own retail stores, from home or in stores. And/or they can buy stock from any of their own member-owner or coalition retail stores. Always with full financial and business support from their own corporation. Almost all members buy more stock in their individual or coalition owned regional or retail stores anywhere. That is "Economic Equilibrium fueled by corporate design of "Universal Integrated Capitalism

Competition” of all of its retail global stores, owned by the People’s Corporation owner-members, all by corporate definition and design. The People’s Corporation 9 billion members buy and consume most of their retail products from retail stores they own in their own corporation in their own regions. That is Middle Class Capitalism .

4. 9 billion member-owners strong and growing is the most powerful economic force in the world by any definition. They all own it together and compete with each other. Ownership is based on stock purchased from their own global corporation. Stock is vested initially until their corporation they own together, has acquired sufficient capital to secure stock redemptions. Vesting period required to keep their People’s Corporation solvent while growing corporate value with every member-owner. Almost all are buying general stock in their own global internet, and in their regional retail stores. All retail member-owner retail stores, in-line and on-line. The member-owners retail stores throughout the world are all provided the low interest financing and managers and training needed to ensure success of every retail member-owner store. Ownership in every retail store financed. They are all paid a living wage for their regions based on every regions “Consumer Price Index” for their region. We 9 billion plus by definition do it ourselves, without endless political wars and government in our own most powerful corporation ever. That is Middle Class Capitalism.

For Example: The following is how we can PARTNER with Apple Corp. for the economic benefit of all:

The 9 Billion PEOPLES NEW APPLE RETAIL STORES PARTNERSHIP

Apple, it’s time for something new for Apple products. You know this. This new PARTNERSHIP includes almost everyone with an individual cyber secure Apple product called the Apple Cyber Secure Biometric ID Key.

Imagine a corporation by design automatically owned by the 99%. This 9 Billion People includes the middle class, poor and disabled. All being “automatic member-owners of their own massive global powerful people’s corporation. They each have a free starter share. They simply have to register at their own massive people’s corporation’s website for their free share of stock in their own powerful global company. Their website includes a free guaranteed “cyber secure” internet individual cyber ID key. The key requires a special mechanic button to personally ID the member-owner with biometric ID required. They must push their ID mechanical, not electronic, button with their biometric ID at their GPS location every time they enter their corporation’s new cyber secure internet called Your Space World. Your Space World replaces Facebook as the member-owners social network for its 9 billion membership. The free share they each receive is ownership in their internet called Your Space World.

APPLES NEW PRODUCT for all 9 billion owner-members is the “Cyber Secure Biometric ID Key.” It is provided free of charge to all owner-members, as a part of the new Apple Phone designed

exclusively for the new Your Space World people's cyber secure global internet, to include new software for all 9 billion automatically by charter and design all middle class, poor and disabled member-owners all over the world. The new Apple Phones are sold wholesale to the people's corporation. All Apple Phones are distributed to the member-owner retail stores. Every store is financed by their people's corporation, it's owned by the 9 billion member owners with their individual free starter share of Your Space World general stock, and all part of the people's corporation regional coalition's People's Apple Phones at the PEOPLE'S RETAIL STORES everywhere. Each retail store sell's the People's Apple Phones throughout the world. Each store is owned by the owner-members of each regional coalition. Ownership is based on the amount of special stock they purchased individually. All finances are provided by the people's corporation for the provision of all retail People's Apple Stores.

Apple Corp. will loan the people's corporation, called the Independent People's International Corporation, or just The People's Global Corporation, all of the operational loans necessary for start-up and global development, with an agree fixed interest rate of 10% for the loans. Apple will sell all 9 billion people a new starter people's corporation phone as purchased for every member by the people's corporation.

This Economic Partnership with all of us and the wealthy is an example of Middle Class Capitalism. Details are located at MiddleClassCapitalism.com. Link's include The MCC Technical Book, The MCC Companion Booklet, and The Cyber Secure Your Space World links that further describe this new idea for the APPLE-People's Corporation International Partnership.

Economic Prosperity and Justice for all ... in a clean and safe, beautiful prosperous world!

When We the People, the 99%, the 7 Billion of us are by definition and design Middle-Class Capitalists in Our Own Global People's Corporation, we are united economically, the most powerful economic force ever on earth. WE are Middle-Class Capitalism. We are MCC!

Details include the MCC Technical Book; the MCC Companion Booklet; the Overview of my 2020 Award-Winning Author in Economics and Environment Book called *Defeat of the Wicked Iniquitous*, with a direct link to my award-winning book. It is a thriller. It is an epic political-economic DRAMATIC PARODY OF OUR CURRENT STATE OF AFFAIRS.

My book, along with the integral companion websites MiddleClassCapitalism.com and NationalDebtDeficitSolution.com provide a solution for economic unity for all, in partnership with the wealthy. This solution can be achieved by US, even in our very dangerous world of disease, racism, and a fatally contaminated cyber universe of viruses, misinformation, and in the current global internet.

This poisonous disinformation, hacking and virus ridden current internet is fatally contaminated. The current internet CAN and MUST be replaced with a new “guaranteed cyber secure” global internet. The new guaranteed cyber secure global internet called YOUR SPACE WORLD, is the foundation and platform for We the People’s Middle-Class Capitalism CORPORATION, the most powerful economic force ever in the world.

This MCC Companion Booklet to my award-winning book *Defeat of the Wicked Iniquitous*, or just the DWI Book, is all about **America, Who Are We As a Country?** It is all about America, and our world’s dramatic real “HISTORICAL WORLD STATE OF AFFAIRS.” It uses parody and fictional characters to illustrate today’s real events.

The book’s heroic characters include Susy and Berto, the book writers and the MCC strategists; the Economic Warrior Leaders Commander Emery and First Mate Leader Moon; spies and hero characters Poco and Gator, aka Pocohuntus and Popi, the very wealthy Economic Warrior Trainers: and the Honest President-Elect Liberty Eagle and the World Peace Alliance.

President-Elect Liberty Eagle is the heroic character that is the universal symbol of good values, honesty, decency, civility and good character for governments and corporations, and for ALL Presidential Candidates. These are the GOOD VALUES of all of the hero characters. Together our heroes defeat the Wicked Iniquitous (the symbol of dens of iniquity cults) and the wicked EVIL VALUES Cobra, the most of all, the powerful controller of the wealthy and world leaders.

Cobra is the Emperor of the TRILL EMPIRE. He also controls the VIPER KING. VIPers are Very Important People, or in Economic Warrior language, a viper snake. The VIPER KING is the lying, conning, divisive King Thuggery. He is the American President Ronald Frump. He is the Frumplican VIPER leader of America and of the world’s Nationalist Supremacists. They control the world’s wealth and its leaders. The book illustrates all of our hero characters’ GOOD VALUES for good government defeating bad government; good corporations defeating bad corporations, and generally good defeating evil, with the ultimate economic solution for all of us, called Middle-Class Capitalism, or just MCC. All takes place in this very dangerous virus-ridden world.

I used my forty years of my experience and expertise in Government, Political Science and Corporations to write my book *Defeat of The Wicked Iniquitous*. I decided the best way, and maybe the only way, to introduce to the world a completely new capitalist economic system to mitigate and maybe prevent depressions, recessions, and the authoritarian uncompromising erosion that will result in the destruction of democracy.

I chose to write a fiery dramatic book that people will love and enjoy reading. My book is designed to understand, illustrate and define the real new Middle-Class Capitalism economic system designed for the 99%, the 7 billion people in our world, in partnership with the wealthy. My DWI Book is a sensational drama of good defeating evil, good government over bad government, good corporations over bad corporations, and good ethics and values over bad, with real solutions to achieve good over evil.

My book is designed for readers to, first of all, enjoy reading it. Then my hope is that all readers will learn, understand, discuss, scrutinize, judge for yourself and, most importantly, love the new concept. I use very dramatic mostly fictional good and evil characters, often resembling or actually including some real people. DWI includes mostly true real news stories and events, using mostly fictional characters within the real events of today's world. This MCC Companion Booklet explains the philosophy and values within the DWI Book, and further describes the People's Middle-Class Capitalism.

In summary, The DWI Book is designed to demonstrate real human good defeating evil, using real and fictional characters, in our current state of affairs. It includes the non-violent people's economic power, the middle-class capitalist SOLUTION to defeat the wicked iniquitous among real people. Characters are mostly fictional heroes, led by fictional hero strategists that actually write a book (the DWI Book) to illustrate, demonstrate, and help the reader understand HOW to actually achieve the new MCC people's economic solution. This new MCC solution is by definition and design, the 99%, the middle working class, poor and disabled People's own Middle-Class Capitalism {MCC}. They each and all are MCC. This MCC Companion Booklet includes my vision and philosophy, generally, that I also use for the DWI book, my websites, and various pieces I have written.

I started my government career way back around 1975. I was an average career Republican Government Official in New Mexico for 25 years until I retired. I then was a Corporation Co-founder Executive of a large Network of Family Dental Clinics in New Mexico. My life forever changed after the 2008 Great Recession that devastated hundreds of millions in America and around the world through no fault of their own. I decided to try and find a permanent SOLUTION to avoid such devastation. My research started with my first existential and essential question for humanity to try and find an economic solution of, for and by the people. The solution is Middle-Class Capitalism.

Middle-Class Capitalism, or MCC is simply designed and defined as the 99%, the 7 billion people of the world that are the middle working class, poor and disabled, united economically in partnership with the wealthy. Middle-Class Capitalism is WE the PEOPLE, united economically for the benefit of ALL. I was inspired to find NEW REAL CAPITALIST SOLUTIONS OF, FOR and owned and controlled BY THE PEOPLE, after the financial devastation of millions, through no fault of their own.

The 2008 Recession was actually caused by the Republican government, Wall Street and the wealthy. Middle-Class Capitalism, or MCC, is the people's solution for the basic question of my 2020 Award-Winning Book in Economics and Environment called the *Defeat of The Wicked Iniquitous*, and available at Amazon-Kindle. It is based on the real existential question of the 2nd millennium modern era. The ultimate question is:

Can WE the PEOPLE, together with our own combined labor and capital resources, be the most powerful economic force ever for the economic benefit of All of US?

The answer is WE CAN!

- If the wealthiest people and global corporations can and do rule the modern economic world today, why can't We the People, the 99%, the 7 billion of us working middle class, poor and disabled unite economically?
- Why can't we all unite economically, using our own cyber-secure Internet as the foundation and platform for our own massively powerful, global people's corporation?
- Why can't we therefore together rule the economic world of today ourselves, without government or political wars?

The simple answer to these questions is WE CAN, and WE MUST!

MCC is simply our map and our compass to achieve this journey for ourselves, individually, and as partners united economically together in the greatest force ever on earth. WE are Middle-Class capitalism (MCC). My DWI Book is simply a very fiery dramatic story to illustrate MCC in a fun and enjoyable way, as it applies to our current state of affairs.

This Companion Booklet is the definitive short booklet for understanding these real capitalism solutions for BAD GOVERNMENT, BAD CORPORATIONS and a VERY BAD INTERNET. They are contaminated with VERY BAD VALUES that must be replaced with GOOD GOVERNMENT, and THE PEOPLE'S GOOD CORPORATION, WITH GOOD VALUES AND SOLUTIONS, and the World Peace Alliance, that includes governments and religions with these good values, for all cultures and peoples.

The only real solution to achieve our own economic independence is the people's Middle-Class Capitalism (MCC). MCC is the economic capitalist foundation and platform of the new clean and safe cyber-secure Your Space World (YSW) global Internet owned by WE the PEOPLE. MCC and YSW replace the fatally contaminated virus-ridden cyber World-Wide Web, www, Internet's Google, Facebook, Twitter, Amazon and other giant global retail-wholesale corporations.

Together in our own massive people's global corporation, WE the PEOPLE own our own global internet, banks, retail stores, and small businesses. We each can own a retail business individually, in our regional coalitions, and can be a stock owner in any business anywhere in the world. All takes place within our own massive corporation that provides all the support, capital and training we need or want to build every business, individually or together in coalitions.

Our individual assets, together in our own corporation, create the most powerful economic force ever in the world. All 7 billion of us. We CAN and MUST own our own massively powerful international corporation for all cultures and all peoples. With this Companion Booklet I will try to explain my vision, purpose and philosophy in easy-to-understand narrative, for the complex TRUE-FICTION FIERY DRAMA *Defeat of the Wicked Iniquitous*, the DWI Book that is based on

Middle-Class Capitalism. It is interconnected with the MCC website. Together they define and illustrate the people's capitalist solutions detailed at MiddleClasscapitalism.com.

Again, Middle-Class Capitalism, or MCC, is simply defined as the 99%, the 7 billion people of the world that are the middle working class, poor and disabled, WE the PEOPLE all united economically. WE are all united in the most powerful people's corporation ever OF, FOR and owned and controlled BY THE PEOPLE!

DWI is the definitive 2020 Award-Winning Book in Economics and Environment that illustrates MCC and YSW in the real world, with various good and evil characters and with the truth and facts of the real world, dramatically called the MadEvil Era of the 2nd millennium of Earth World. In the DWI Book's MCC Economic Warrior Language:

Author's Philosophy, Government and Corporate Values, Based on GOOD SECULAR and RELIGIOUS HUMAN VALUES *Words*

In order to be able to understand GOOD RELIGIOUS HUMAN VALUES, we must first clear our minds of religious and political biases the best we can. Then we must focus entirely objectively with a clear mind on what are the very best values we all strive to achieve. Human values are based on our life and our environment. Our Human Values are also based on the *good values words* of secular and religious philosophers of science and religion. We all must be part of Economic Solutions whereby we are ECONOMIC PARTNERS.

We must then focus our clearly objective minds on what are the best values of the *words* of all philosophers that benefit all of mankind's races and cultures, all of WE the people, the 7 billion of us on earth. We must then strive to find the best SOLUTIONS to achieve good secular and religious values *WORDS* that are designed and developed as our own controlled economic system. A few words of mine in my book, on my websites, and in some of my other emails and notes provide my vision and philosophy. MCC is based on my knowledge and life experiences for good human values *words*. It starts with what is civil in our communities and countries, and what is the equation that is based on the best words of science, religious and secular philosophers, and my own life experience.

Alexa says *civilization* is an advanced state of human society in which a high level of culture, science, industry and government has been reached. **Siri** says *civil* is courteous and polite. These two beautiful E-Ladies supply the standard definition of CIVILIZATION anywhere in America and the world. So, we must ALL first ask ourselves this question:

ARE WE LIVING IN A CIVILIZED AMERICA AND WORLD?

Unfortunately, ladies and gentlemen, the answer to that question is now clearly NO!

My definition of civilization is Middle-Class Capitalism. It is simply ALL of us working together as partners in life, in a civil, courteous and polite manner to achieve a high level of culture, science, industry and government. To have Civilization WE must first ALL unite in a way that ensures Economic Equilibrium, in an American style of pure and fair Capitalism, with Universal Integrated Competition. That ensures a balance of POWER and INFLUENCE with the wealthy, in order to achieve our own Power, Prosperity and Justice for ALL, in a beautiful safe and clean world.

Secondly, with Middle-Class Capitalism we can achieve a world where we ALL receive a living wage for our labor, and we all have a QUALITY home, clean and safe water and air, education, or anything else we work to achieve with our hard-earned Good Dollars. That is my definition of a QUALITY CIVILIZATION! And I just happen to have REAL SOLUTIONS FOR US ALL TO WORK TOGETHER AS PARTNERS IN LIFE to achieve and pay for it ALL.

I also developed the QUALITY BUREAU that designed and implemented a National Award-Winning new infrastructure and economic model, with a team of fantastic Highway Department warriors for Quality Performance with Optimum Results. That is the economic weapon we can all use to achieve MCC, ALL working as team partners together in my AMERICAN STYLE CAPITALISM. I call it my MCC Civilization! Sounds impossible! Judge it for yourselves! Email your Judgement to newmiddleclasscapitalism@gmail.com.

This, after the 2008 Recession that really angered me, is the result of ten years of Research and Development for a fair Capitalist Economic System that is carefully designed to provide balanced wealth and benefits that truly are Of, For, and owned, controlled, and paid for BY THE PEOPLE.

THE SECULAR and RELIGIOUS Symbiosis Equation

My book is scientifically designed of, for, and owned and controlled by the people. It is scientifically designed to defeat the wicked iniquitous. If MCC happens, it will, without any scientific question, change the world on a global spiral to universal compassionate goodness for all peoples. Why and How are two important questions. Because MCC is designed scientifically, using the actual “words” of Jesus, Pope Francis, and all ALWAYS equally good religious ministers of all nonviolent religions. Together, all equally good Ministers, and all good values Philosophers, and all Professors of, for, and by the goodness for all peoples provide the “words” for the MCC design. Together those ministers of goodness, religious and secular, are the World Peace Alliance, which scientifically and pragmatically will start the reversal of the world’s spin toward evil and destruction, once and for all time!

Why and how? This is the answer to that scientific equation: Simple. Because MCC is designed with the words of all good ministers and good economic science to place ECONOMIC POWER in the hands Of, For, and owned and controlled By the People. We the People are the 7 billion middle class workers, disabled and poor in the world! That is 7 billion individual digits of independent synergetic economic PEOPLE POWER. That is a Simple scientific equation based on Simple math and economic and physics science, folks. With a little common logic and good values sense of humanity added for good accurate measure.

THE MCC SOLUTION

Creation of The Giant MCC People's Global Corporation

If the most powerful economic force ever in the world, the GIANT GLOBAL CORPORATION, controlled by a few very wealthy persons, can amass and control the greatest amount of wealth in the history of the world, why can't all of US, We the People, the 99%, all 7 billion of US middle class workers, poor and disabled, simply unite together economically with our own labor and capital resources in our own GIANT GLOBAL CORPORATION to be the most powerful economic force ever in the world hereafter? The People's Solution is WE CAN, and WE MUST! This is a summary overview of my vision, philosophy, and the good defeating the evil wicked iniquitous, the story of my DWI Books and websites MCC equation.

WE ALL CAN simply join together and Own Our Own GIANT GLOBAL CORPORATION. Our combined assets, always individually owned assets by each of us, are by definition of science, math, numbers and power THE PEOPLE'S ECONOMIC SOLUTION. Joined economically together, by definition, we are the most powerful economic force ever in the history of the world. We the People, the massive majority of all of US, can then achieve our own individual Economic Independence for ourselves, our families and our friends. We the People really can right now unite economically in OUR OWN POWERFUL GIANT GLOBAL CORPORATION.

Together we will literally own and control our own corporation's micro-economy, controlled BY US, the PEOPLE! All without government or Wall Street control or political wars, we can ourselves achieve OUR OWN Prosperity and Justice for ALL of US in a beautiful world. Together we control OUR OWN POWERFUL GIANT GLOBAL CORPORATION. TOGETHER, WE ARE THE MOST POWERFUL ECONOMIC FORCE ON EARTH. Together by majority vote of the Middle-Class Capitalism people's global corporation, we will approve our corporation's MCC President, CEO and Board of Directors, and the policies of the corporation. That is our own pure and fair capitalist democracy.

Again, after the 2008 Great Recession I was very angry at the amount of economic devastation caused by Wall Street, in cooperation with a Republican-controlled government and the wealthy. Hundreds of millions of middle-class working people and the poor and disabled were devastated in America and around the world, caused by the Republican government, Wall Street and the wealthy tax reductions and benefits.

As a former career civil servant, I always worked with and for all citizens, of all cities, counties, the state of New Mexico and America. As a Republican, I felt angry and BETRAYED by the Republican Party that clearly worked to divide the country, with McConnell, the self-described GRIM REAPER leading the Republican party since 2008, when President Obama was elected, right after the Great Recession. The Obama-Biden Administration, as a matter of fact, led us steadily and securely out of the 2008 recession, with steady, solid economic growth for America and our allies working together. This was all after the 2008 Recession caused economic devastation for people everywhere in America and around the world.

Middle-Class Capitalism is completely controlled by the 99%. Together WE the People are Middle-Class Capitalism. WE the People are the working middle class, and the less fortunate poor and disabled people, by definition. All 7 billion of us around the world have been struggling economically for years with the greatest wealth in world history controlled by only a very wealthy few. The economic power and wealth controlled by the few, escalated around the new 1980s economic era for the wealthy starting in America and spreading globally during the recessions of the 1980's and then the Great Recession of 2008, and now the most devastating economic crisis in modern history, the global pandemic Corona virus. The wealth gap between the middle class and poor started and has continued to widen since then, while the giant global corporations and the world's wealthy have become the wealthiest ever in history.

The wealthy are richer now mainly because of the trillions of dollars of TAX REDUCTIONS and SPECIAL BENEFITS for them and their corporations, all at the expense of the rest of us that pay huge taxes every year, and most of us struggle to live.

After the 2008 recession I finally understood that my party, the Republicans, often joined by some of the Democrats, are the leaders in always strongly promoting and legislating laws for the wealthy. These laws are often to the detriment of us, the middle-class workers, poor and disabled in a world of the greatest wealth ever. I finally understood that my former Republican party was the merchants for Wall Street and the rich. My Republican party always pushed our government legislators to pass favorable laws for the wealthy, and these were strongly promoted by all Republicans.

And all has worsened since then, worse than ever NOW with this dangerous, deadly pandemic virus. This virus, along with other healthcare costs and their continued deadly consequences, have been factually proven to worsen due to very poor Trump National Leadership. Legal measures provided by the American Pandemic Parameters and specified by the CDC left all states, cities, counties and schools to provide their own specific actions for their citizens' safety.

Fact: Many Americans are now unable to afford even basic healthcare coverage or the costs of food and shelter, and many will go bankrupt. Tens of millions already did go bankrupt, lost their homes and their jobs because of poor government leadership. This 2020 virus has already escalated in America, with no known end in sight, with hundreds of millions suffering the economic and health consequences.

Mostly FOX news and Republican promotions, with no adequate central Presidential, Republican, government or legislative leadership, uses rhetoric that falsely denies facts and science and often blames it all on DEMOCRAT HOAXES and WITCH HUNTS, almost all LIES, Propaganda and misinformation. We cannot abide a President that prefers constant lies to the truth, PERIOD! Trump generally denies facts, pandemic virus science and economics and has no central national leadership, an absolute necessity to be able to stabilize, using virus science and economics, and slowly restart our economy.

Future Trumpism and Trumplings, with the continued lies and chaos they bring, will enable and ensure national supremacy, continued American and global racism, and the escalation of dictatorships around the world. America will essentially become a dictatorship like so many third-world countries. It will continue to grow and spread around the world, destroying democracies, which will be replaced by brutal dictatorships. The world economy will be controlled by only a few oligarchs who control the world's countries and societies. This process has already begun under Trump's term. Growing national supremacy creates and escalates racism. The fatally contaminated cyber-Internet and global pandemic, together with global racism, are the dangerous ingredients for American and global destruction.

Again, I was just a very ordinary college student and career character until the Great Recession of 2008 changed my life and my understanding of government legislators, laws, Wall Street and the wealthy global financial-economics connections. I finally understood that these trillions and trillions of tax dollar reductions, these annual TAX REDUCTIONS for the wealthy and their corporations, were a primary factor in the massive National Debt we all pay for.

During the 2020 Economic Recession, much like the 2008 Recession, the National Debt will grow to be over \$25 Trillion dollars of TAX REDUCTIONS DEBT we must all pay for. This has caused huge deficits, because of these massive tax cuts for the wealthy and giant global corporations. These trillions of tax cuts for the wealthy now cause all of us to pay over \$500 Billion of our taxes for interest for loans mostly to other countries due mostly to the wealth tax reductions spanning over 40 years. Those are huge tax dollars We the People must pay for tax reductions for the wealthiest, and for the huge interest on that debt. Our tax dollars subsidize the government services we all pay for. Those wealthy tax reductions are our dollars that we the people, the middle class and less fortunate, cannot use for budget deficit reduction and to be able to provide more government services. I also understand, as every American should, that no democratic capitalist country in the world is a socialist country.

Simply stated, I finally understood that the struggling middle class and less fortunate people everywhere were paying huge taxes from their own income, almost 40% of our income for our

income taxes, to subsidize trillions of dollars of tax breaks for the rich and giant global corporations. These tax dollars are all no longer available for government services for the 99%, for all of us who pay taxes in lieu of the wealthy trillions of reductions of taxes. We all pay for Social Security, Medicare, Medicaid, healthcare, highways, military security, economic national security, and much more we the people NEED for us, the majority of people on earth.

Government services, that the wealthy usually do not need, the 99% mostly pay for. That is what has caused our huge budget deficits. We all pay for the government services we NEED, in our DEMOCRATIC CAPITALIST (not socialist) GOVERNMENT and DEMOCRATIC CAPITALIST AMERICA AND OUR ALLIED COUNTRIES. We are all Capitalist Democracies, with our citizens paying huge taxes for their government services. WE in America are absolutely not socialist or communist, like Russia and China, Saudi Arabia or the Philippines, countries that Trump and his loyal followers seem to love and are enabling in America and around the world today.

Today, THE PEOPLE face the most dangerous period in the history of the world with the three deadly viruses (3DV): Global Disease; Global Racism; and a very dangerously contaminated, virus-infested fraudulent and misinformation-ridden WWW INTERNET. It can and will destroy the world, if not replaced as soon as possible. The only solution is Of, For and owned and controlled BY THE PEOPLE, to do it ourselves with our own Middle-Class Capitalism.

Again, the people's global corporation is the most powerful economic force on earth. Therefore, if WE the 99%, the 7 billion working middle-class people, poor people and disabled people, are by definition part of our own corporation, WE the PEOPLE are by our numbers, 7 billion of US, by definition and economic strength, the most powerful economic force on earth. That is the basis for the definition, map and compass for all of US to achieve our own prosperity and justice in a safe and clean, beautiful world. That is the definition of Middle-Class Capitalism for all, in partnership with the wealthy! This companion booklet, along with my *Defeat of the Wicked Iniquitous*, my 2020 award-winning book, along with my Technical Book at MiddleClassCapitalism.com and NationalDebtDeficitSolution.com websites, explain how it all works for all of us in the real world of today. –WCW

**The Civil, Decent Honest Liberty Eagle Character Represents all Presidential Candidates
OF
Good Character and Good Values
OF
Good Universal Government and Good Corporate Responsibility**

An Academic Economic Speech to all Universities, Student Associations, and Economic and Political Science Associations of America, by Presidential Candidate Liberty Eagle on February 17, 2020, President's Day:

THE UNIVERSAL PRIMARY RESPONSIBILITY OF GOVERNMENT & CORPORATIONS

Of, For and BY the People is always the governing rule of responsibility for government and corporations. The 99% overwhelming majority of people are the working middle class, the poor, the elderly, and the disabled. The Universal Primary Responsibility (UPR) of all Governments and Corporations is to provide the labor, services and products that are of, for and by the people. Universal PR for all those people that provide the labor and money {taxes} to run government for their lives and families; and, for those people that provide the labor and money, or buy stocks to run every corporation. Therefore, the Universal Primary Responsibility of every government and every corporation is to those who provide the labor and money to run those organizations in the best possible way, always with optimal good values and ethics to serve the people, to benefit the 99% large majority of people that are the working middle class, the poor, the elderly and the disabled people's lives and their families, and the guarantee of a

living wage to ensure the opportunity for prosperity for all. See the technical book at Middle Class Capitalism.com for all the technical details.

And therefore, in order to pay for all labor, services and products for government and corporations, it is the Primary Responsibility (PR) for them to always be fiscally responsible, always with balanced budgets to provide the labor, products and services. It is therefore the Primary Responsibility, the PR, of every government and every corporation to provide sufficient taxes for products and services the people need and want for government, usually in the range of 5% for products and services purchased by all the people for government. And it must also be the Primary Responsibility, the PR, for all persons purchasing stock to run corporations, to also pay in the range of 5% for their stocks to provide a living wage in every region for every person providing their labor for every large corporation, which is any corporation or business with a net annual income of \$One Million dollars. Stocks are used to determine the value of a corporation. Based on roughly \$50 Trillion dollars in USA annual Stock Valuation, a 5% stock trading fee that guarantees a living wage for all the people providing labor in their region for all working middle class provides approximately \$2.5 Trillion to provide living wages, and assistance to the poor and disabled in all regions purchasing their services and products. See NationalDebtDeficitSolution.com for more details.

To set the example for Universal Corporate Responsibility, The People's Corporation, the Independent People's International Enterprise, is the only corporation designed Of, For and owned and controlled BY the People. IT includes all small business, and all other persons with less than \$One million dollars net annual income. IT provides a prosperity fee of 5% on all corporate stocks, to guarantee a living wage in every region of COG-CO stores, both on-line and on-land, and to also ensure prosperity with economic security for all MCC members and their families. And I am therefore also proposing The World Peace Alliance (WPA), as a partnership with the MCC economic system, to further ensure peaceful coexistence with a living wage for all, and peace and economic security for all, regardless of religion, race or culture, in a non-violent new beautiful world. Details of the WPA can be seen in the MCC Technical Book at the MCC website!

The First American Dictator Trump, aka DWI's President Frump

MCC-YSW-GBB BLOG DATELINE 2-5-2020.

America is now a Putin-Style Presidential Dictatorship. Frump and Poutine secretly vow to help each other get elected. Virtually every strategy and tactic of vintage Soviet leaders, including false propaganda, replacing every top level and two or three levels down in every department of American government with 100% loyal people that will do virtually anything Frump says is legal (or not). How is this possible, you ask? Because based on AG Low Barr's opinions, not laws, a President "can do anything they want and cannot be indicted."

And McConnell, Senate Majority Leader and self-proclaimed Grim Reaper, and ALMOST EVERY FRUMPLICAN LOYAL CULT MEMBER OF THE US SENATE made him a real US Dictator. They all enabled and endorsed Trump's clearly illegal activity as President, as stated in the

impeachment trial and in the Mueller Report. It was a very credible and legitimate impeachment trial prosecuted by the Democratic House of Representatives from throughout America. Because the US AG says anything a President wants is legal, according to presidential dictate Trump was not removed from office.

The historically incorrect Republican Senate Acquittal has now set an AMERICAN LEGAL PRECEDENT for all AGs, that a President can do anything he wants. That, in fact, is the definition of dictators, to achieve complete control of any country with 100% undisputed loyalty of all employees and supporters throughout their country. They have and will continue to punish every enemy. All dictators get rid of all of those that are not loyal, and all opposing persons and rivals. Dissenters are ALL enemies of DICTATORS and KINGS.

Kings and dictators always use lies and propaganda to defy truth and laws. Trump and his Republican enablers, like a cult, often defy the US Constitution with lies and disinformation. For example, Lt. Colonel Alexander Vindman, with an outstanding military career, serving as an expert on Russia and Ukraine in the Trump administration, testified truthfully in Congress against Trump's efforts to use other foreign countries against his Democrat opponent in the 2020 election. There is currently massive interference by Russia in the 2020 election, as confirmed by the Trump-appointed FBI Director. Colonel Vindman used truth and facts, and along with and his brother, served AMERICA in an honorable, decent way with excellent career records. Both were then fired by Trump.

Even a large-dollar contributor to Trump, a loyalist operative EU Ambassador Gordon Sonland, said Trump is "flushing out the pipes," a known dictator's soviet-style revenge tactic to cleanse America of all enemies, to include any and every other employee, or supporter, or any American that opposes anything he says. And, of course, without any interference of the legislature, which is now 100% compliant and subservient; or of the courts, because President Trump cannot be indicted. He used his loyal AG, the "lowest Barr" in American history for this. All is achieved now by American Dictator Traitor Trump, with the help of fellow dictator Putin, other dictators and all Republican Enablers! 10-26-20. --WCW

**A Brief Overview of The Fictional Illustration
OF
The MCC Companion Book's DWI Book DRAMA:**

The Hoax and Witch-infused FRUMPLICAN Cult!

The *Defeat of the Wicked Iniquitous*, or just the DWI Book, is written by the spirit of any simple middle-class capitalist ghost of the recent past, those that have suffered or died, all because of The Frumpligan Enablers of the Hoaxters and B-Witchers of the FRUMPLICAN VIPer Party and the TRILLS (the trillionaire's invisible empire). This loyal cult of Frumpligans is led by their blind ignorance, featuring the guaranteed GREATEST EVER chief Hoaxter and B-Witcher of all time. The one and only greatest ever lying con VIPer and his VIPer FRUMPLICAN PARTY, with HYPER Enabler's AG LOW Barr, the

HYPeR Enabler-In-Chief the Senate Leader's self-described GRIM REAPER, and the WOLF NEWS NETWORK, the all-powerful Frumplican' GLOBAL PROPAGANDA ENABLER! (A VIPer is a Very Important Person, aka a viper snake, labelled this by MCC Economic Warriors)

As the Loyal Frumplicans and TRILLS (Trillionaire Empire) march together down the dark black abyss of the flames of HELL, they are led by the

VIPer  himself, along with the very elusive sinister most evil of all:

COBRA, EMPEROR OF THE TRILL EMPIRE!

This is the story of the evil, lying American President called Ronald Frump, and the defeat of this wicked iniquitous, besieging the world in the shadowy midst of the fog of FRUMPLAND AND THE AXX-MAN FRUMPLICAN VIPER KING AND HIS LOYAL VIPER FRUMPLICAN FOLLOWERS!

The VIPER KING AXX Man Political Cartoon follows.

Dateline 12-6-20: The current state of affairs:

Viper Con Trump is the King of fake psychic numbing. He has numbed his obedient loyal Vipers that beg for the Viper King's reality that only his fake witchy words must be followed blindly

and obediently! OR ... they are dumped as useless GOPs behind the Don train, as the Don's train smokestack of lies creates his fog of Viper fake Reality. Don Traitors are all Axxed! They are all the enemy! They are no longer welcome on the Axx Man's train in the shady Trump viper swamp of the Axx Mans Trump-World Trump Land! In the shady Viper swamp, there grows the most dangerous virus ever, other than the 2020 Covid virus. The Axx Man's Viper Virus of fake witchery that divides us all in the pursuit of civil war against all Viper enemies. The Viper Traitors are all of those that are not psychically numbed to the strict obedient Con Viper Kings every word of fake witchery. A dangerous killer virus that can destroy us all! But there is an alternative solution:

THE AUTHOR'S VISION AND PHILOSOPHY

The modern world today in the twenty first century of the 2nd millennium is not sustainable without providing economic power to the masses, the 99%, the 7 billion working middle class, poor and disabled. Middle-Class Capitalism is the definitive solution for We the People, united economically with our own labor and resources to achieve our own PROSPERITY AND JUSTICE FOR ALL in a safe and clean beautiful world. It is easily achieved in today's modern world using the most powerful and safe economic weapons in the history of the world. THE GLOBAL CORPORATION, with a safe and cyber-secure global Internet, all owned by the people.

The problem with almost anything new, anything never before done, like airplanes and computers, is that most people initially will not believe. Anything new, particularly any new kind of capitalist economic system that is a real change in the world's economic order and power, such as MCC, initially will not be believed possible. But it is. The solution to the problem is simply using our own open minds we each have, to objectively understand middle-class capitalism is for all of us.

One must first try to completely clear one's mind of any biases, particularly religious, racial or economic biases, because Middle-Class Capitalism is a **GLOBAL ECONOMIC PARTNERSHIP OF ALL PEOPLE**. MCC is by definition all persons of all religions or none, and all races and all cultures in all the world, united economically. It is an economically balanced system, controlled by the masses of people, the 99%, the 7 billion of us, in a balanced economic equilibrium people's global corporation.

It is also designed as an economically balanced equilibrium partnership with the wealthy. Middle-Class Capitalism, or MCC, is by definition all of US united economically in a very civil competitive economic platform and foundation, secured by Middle-Class Capitalist ownership of the new guaranteed cyber-secure YOUR SPACE WORLD Internet. It is simply a new series of clean and safe servers, creating millions of new profit centers and stores, with millions of new living wage jobs throughout the world. Providing ONLY LIVING WAGE JOBS FOR ALL EMPLOYEES OF OUR OWN MCC CORPORATION guarantees we will compete with each other honestly, ethically and civilly as a corporate policy for all of us. It provides equity and fairness in all middle-class capitalism for the prosperity and to provide healthcare for all of us.

MCC simply provides us all our own Compass and Map to achieve the trip together. The Middle-Class Capitalism technical definition for the cyber, computer and economic academics is:

“Our own independent ECONOMIC EQUILIBRIUM fueled by synergetic UNIVERSAL INTEGRATED CAPITALIST COMPETITION of the working middle class, poor and disabled, in a balanced economic partnership with the wealthy.”

All MCC jobs require a living wage for all employees in the people’s corporation. If you get it, you will spend it. That is the definition of an optimally stable and secure economy, with optimum prosperity for all of us MCC members, all 99%, all 7 billion of us very, very strong people united economically. United people’s economic power obviously provides the prosperity for our own individual economic independence and prosperity and for the healthcare systems we build for ourselves, our families, and our communities in our own corporation. Such pure people economic individual power within our own corporation is a kind of corporate people power like never before.

The MCC people’s corporation is the most powerful economic force ever created for us. It is designed for us and is developed for and by us to use the newest technology, like the new cyber-secure YOUR SPACE WORLD global Internet we can and must own together, based on our individual percentage of contributions of labor and capital, and using our micro-economic corporation as our own economic system, designed for the economic, healthful and quality living benefits for us ALL.

The Start and Conclusion of the MCC Companion Booklet

I decided the best way, maybe the only way to introduce to the world a completely new economic concept is to write a fiery dramatic book that people will love, to understand, illustrate and define the new concept. My book is a sensational drama of good defeating evil, good government over bad government and good corporations over bad corporations, always with good ethics and values. It is a book designed for readers to, first of all, enjoy reading. Then my hope is that all readers will learn, understand, discuss, scrutinize, judge for yourself, and most importantly love the new MCC concept.

I use very dramatic good and evil characters, many resembling real people, some very real parallels, and mostly true real news stories. The reader can decide for themselves what is real and what is fiction, based on their own experience of today's world.

The Concept is Middle-Class Capitalism or MCC. My DWI Book; MCC Companion Book; MCC Technical Book; and all links and narratives at MiddleClasscapitalism.com and NationalDebtDeficitSolution.com are all interrelated. Together they provide the Map, the Compass and the Destination to achieve MCC.

It is always available, and mostly downloadable and free, for every reader to fully understand MCC. MCC is All of the People, the 99%, the 7 Billion of All of US coming together economically. WE are Middle-Class Capitalism. United economically, WE THE PEOPLE are Middle-Class Capitalism by definition and design. Together we are by all science, facts and reality, in the spirit of good values of major philosophers and religious leaders, the most powerful economic force in the world. Together we can and we must achieve our own Economic Power, Prosperity and Justice in our own safe, clean, beautiful world. That is the real result of Middle-Class Capitalism.

HOW DOES MIDDLE-CLASS CAPITALISM WORK?

One of the most misunderstood dynamics of MCC is how these huge, most powerful of all retail international giant crony corporations like Walmart will negotiate, and then be partners with the Independent People's International Corporation. How will there be billions of people joining? All sounds remarkable on the surface. Also, how does Your Space World actually eliminate Facebook entirely, and how and why does MCC do it ALL?

This is exactly how and why and must be clearly understood by our readers. In the DWI book, Susy explains her idea to Berto, who helps convert Susy's more technical business lingo into easily understood wording for everyone to understand. All occurs in their sensational dramatic new book *Defeat of the Wicked Iniquitous*. But for now, NEO-Warriors, this is the more technical dynamic synergistic version.

Stocks vs. Investment Loans & Synergetic Universal Value Expansion (SUV-E's).

Simply, after billions of qualified working class and poor persons (qualified = < \$1 Million Net Annual Income) find out they will get an unconditional free share, with no strings attached, except for using biometric and GPS on-line recognition, they will all join. They all have nothing to lose and will join as stockholders, as soon as they can get to a computer and join via the existing Internet. There are NO MEMBERSHIP FEES to join. Their stock will be transparently vested, due to initial free stock value without capital support for initial payment of stock value. The joining stock was free, so they have nothing to lose by joining initially with no other fees. Almost all qualified middle working class and poor members will join internationally as they hear about it. All they need is access to a computer, to join and train as a NEO-Warrior.

“Nothing to lose, and Prosperity and Justice in a Beautiful World to gain” is what will be marketed to every NEO-Warrior everywhere, and that is what Susy and Berto say to the Trainers. “This is your GUM, your Good Ulterior Motives, your free share SWORD, which is your Independent NEO-Warrior Weapon, and this is your NEO-Warrior Training Book that trains us all to Defeat the Wicked iniquitous Trills and their loyal Minions. All with the complete training and full support of Our People’s International Corporation, go forth ALL courageous NEO-Warriors, as you are about to slay the most powerful Trills of them ALL.”

This companion book is always featured for free in Your Own Space, in your own Space World International Internet. “With these non-violent but lethal economic weapons and your MCC Games understanding, go forth now with all of your fellow warriors, always with love and respect for each other. And ALL TOGETHER, but independently fighting in your home or village, economically slay those evil bastard Trills and their foolish dumb minions today and forever!” So, say all our heroes, all our warriors, Susy and Berto, and all our MCC heroes for everyone to understand and love!

The “partnership training” continues: “Stocks are vested only until the corporation is operational and is receiving sufficient operational income from wealthy and Wall Street and other LOAN investors. I emphasize LOANS, as only members that are NEO-Warriors who by definition must join their International Corporation with less than one million dollars in net yearly income. It is ALL in the spirit of Partnership with the already wealthy wholesaler and other already very wealthy Partners. These wholesale corporations provide the cheapest products, and the best negotiated interest rate loans to the People’s International Corporation. On the other hand, ALL MCC Stock Investors must be NEO-Warrior Members.

With the wealthy investor loans, The People’s Corporation can almost immediately expand operations internationally. Stock values will start to skyrocket, and the People’s Corporation can expeditiously, with pure synergy, easily afford to stay profitable. They are able to pay out their stock values shortly after starting, for those that need it. However, very low interest loans are available through their own People’s Corporation as a better alternative than selling stock, for all credible economic hardships of NEO-Warriors.

With this pure synergy they are all steadily and actually gaining real capital equity value, just because of the number of stockholders joining. Billions in the first year alone. That alone will propagate optimal wealthy loan investment. Those with free shares will begin buying more as the value of their free share skyrockets and cascades, with pure synergetic Value Expansion. That itself energizes those loan investors and member stockholders to all invest in Your Space World, and the entire People’s International Corporation. So synergistically, the wealthy loan providers compete with the best interest rates in the People’s Corporation to provide loans with the highest and most expeditious payback to the wealthy loan investors. They will receive a constant but steadily increasing payback, as The People’s Corporation’s general and premium stock values steadily rise. These transparent corporate business stock values skyrocket, and future profit projections factually make it all credible, with pure economic synergistic energy. The initial loan investors will expedite making it all happen as soon as possible, as their loans are assured

initially by the skyrocketing values, with rising stock sales everywhere internationally. The initial wealthy loan investors will get in line to invest in MCC and Your Space World and develop a solid Partnership with The People's Corporation.

This includes the giant carbon energy producers, that will, with equitable government profit incentives, deliver wholesale renewable energy products at the least expense, for the People's International Corporation for their NEO-Warriors to sell for their own profits in their own Cog-Co international retail stores, both on-line and on-land. That provides even more retail renewable energy products for sale in the MCC members' on-line and on-land stores. All renewable retail products they all sell increase the profits of their skyrocketing stock values for Cascading Optimum Profits (COPs) for ALL, to include profits for renewable energy for buildings and homes everywhere for a beautiful world, with independent renewable energy savings on all of their independent individual homes and businesses and malls and hotels, etc. This creates even more MCC profit centers for ALL MCC members that are buying stock in their own on-line and on-land profit centers for MCC members only. All as guaranteed by their member MCC NETWORK GUARDIANS.

The RESULTS are MCC members' energy, profits and savings for all MCC members who buy or sell any Cog-CO retail products, to include the renewable energy products that are provided. All provide equitable profits for wholesale corporations, including the carbon energy companies that provide wholesale products, to include renewable energy products, to the People's International Corporation. The cheapest wholesale prices of wholesale products, goods and services are provided to every single MCC member from anywhere in the world, or usually to a coalition of NEO-Warrior members in their regions, to build and operate the People's retail Cog-CO on-land and on-line retail stores, always with full management and operational support from their mother company, The People's International Corporation.

The same MCC system works for all the giant crony retail corporations like Walmart and Amazon. They will compete with other wholesale corporations to provide the cheapest wholesale products, goods and services for the People's International Corporation. Why? Because the billions of MCC members will now own most of the retail stores internationally. It wasn't even a fair fight. with billions of middle working-class people now the NEO-Warriors of The People's International Corporation. These former crony international wholesaler retailers cannot compete with the massive numbers of MCC members buying premium stock in all their retail stores on-line and on-land.

So former giant wholesale crony corporations will then be partners together in a BI-PARTISAN CORPORATE CIVIL PARTNERSHIP, with the People's International Corporation and the supportive government World Peace Alliance. All occurs with democratic free governments, wealthy carbon transfer to renewable energy corporations, and ALL with billions of working middle class and the formerly poor 7.5 billion people.

The former giant retailers and Facebook will be no more, with the sensational Your Space World Internet and cyber free international social network, all with a mountain of equity generating work centers for all the MCC members. Facebook is eliminated almost overnight

and begins to negotiate with their leftover international social media infrastructure, if any, that does not include any of their cyber poison-infested computer systems or servers. Facebook might initiate civil negotiations that benefit the People's own virus-free Your Space World as a possible partner with the People's Corporation. This will happen almost overnight with just the marketing of Your Space World. Most NEO-warriors will buy general stock in their own Your Space World, initially, as well as their premium stock for their on-land and on-line stores.

"In summary, it is all done in an International Partnership that works for ALL, including the rich, just as it says in the Declaration of Economic Independence, now signed by most of our 7.5 billion people on earth," say Susy and Berto in the year 2025, when the international Your Space World Internet becomes a reality. All people are happy as they stroll through the People's Market Centers and parks across the street.

Now ALL international citizens enjoy expeditious returns on their loans, structured to pay back higher amounts as the stock values soar. It is actually started with the initial wealthy loan investors, in partnership with all the MCC stock investors who see their stock values rising. That creates the SUVEs, or Synergetic Universal Value Expansions for both wealthy loan investors and MCC stock investors. It is really just very simple growth economics, along with the 5-cent government stock fees, for all non-MCC members, and 5-cent stock fees for NEO-Warriors, that all also receive their profits from their steadily growing stock values, in their own international company. ALL with optimal expedited MCC warriors in the billions, with free starter shares in their own company, which is simply all a part of the SUVEs.

The wealthy crony corporations and wealthy loan investors actually partner with the MCC owner-member partners. And that makes it all happen in reality. MCC members' stock values, or SUVs, expeditiously cascade and rise with pure synergy, now building the most powerful People's Corporation on earth. Now every member can afford it and, with their own corporation's support, they will almost all buy more stock, and the wealthy investors love their constant stable loan interest pay-back returns.

Wealthy crony corporations like Walmart and Amazon, will then have no alternative except to be a partner with the People's Corporation members, because all their employees now work as members of MCC. They ALL receive living wages in their regions of every country, and they will all invest in their corporation, with their stock values always expeditiously steadily rising in value.

"A WIN – WIN for ALL, in reality. And the economy will flourish as people everywhere now have cash in their pockets to spend everywhere. That is MCC Economics, plain and simple, for the middle working class, the formerly poor, and the wealthy. All is a result of the Declaration of Economic Independence in a large area next to the Atlantic Ocean, near Hollywood, California in the year 2022," says the Noble Spirit and Papa, in the year 4414.

MCC Member-Owner Examples of How MCC Works For You

Corrine, Owner of a Small Business Expert Cyber Marketing and Social Networking Company:

Corrine decides to go to the MiddleClassCapitalism.com website to check out the new Facebook called the global Your Space World social network. It is the new cyber secure Your Space World (YSW) global internet. The People's Corporation slogan is "Power, Prosperity and Justice for ALL, in a clean and safe world."

Sounds interesting. All middle-class persons are owners when they join with a free share of stock? *Really? What's the catch?* She finds out there is no catch.

Corrine wants to see what Middle Class Capitalism can do for her business and also claim her free share of YSW global Internet stock in the Independent People's International Enterprise. She is automatically a member-owner in the new YSW Internet Middle-Class Capitalism global economic system, by definition, along with 7 Billion other people in the world that have an annual income less than one million dollars.

She will claim her free share of YSW-GBB stock after she pledges, on her honor, that her annual income is less than one million dollars. That prevents wealthy giant predator corporations from buying or controlling the People's Corporation. Only MCC members can buy stock in the People's Corporation. This ensures all members are always initially middle class, poor or disabled. They are the core ownership of the People's Corporation.

Corrine registers by simply going to the MiddleClassCapitalism.com website and obtaining her MCC Biometric Key. All member-owners receive a free guaranteed cyber secure Biometric Key with a fingerprint, eye, facial or other biometric scan, always with a GPS location. These ensure a safe and secure Internet and cyber experience. This process guarantees that with any attempt to hack or defraud the People's Internet, the person can be identified by their Biometric Key and GPS location at the time and place of the breach.

No one can ever touch any part of the people's YSW Internet to use, repair or maintain it without a record of the action to protect the cyber security of every owner-member. Cyber Security for every MCC owner-member, all 7 billion by definition, is the top priority of the People's Corporation.

No one can use the YSW Internet without their one and only MCC Biometric Key. That includes Corrine, or any other member-owner, and every corporation executive and manager. All internet workers must use their biometric key with their exact GPS location. This is required by their corporation to be privately and confidentially stored to verify their member-owner identity for all use of the YSW Internet. Guaranteed Cyber Security with 100% complete privacy, is the highest priority for every member-owner. Violations will result in expulsion from the People's Corporation. It is clean and safe for every member-owner economic warrior. All 7 billion of us.

Corrine sends an email to NewMiddleClassCapitalism@gmail.com to receive her free MCC Stock Certificate and her free YSW cyber space. She then requests support and assistance from the MCC New Member-Owner Capital and Support Division as a Cyber Marketing Expert wanting to expand her business globally. Stock investments in the People's Internet provides the capital support, business support and training support for all member-owners to build their own retail business from home.

Corinne is then provided instructions for member-owner low interest capital loans and support for advertising her services or products on the new YSW global Internet. Any member-owner can advertise their services and products to be seen by every other 7 Billion member-owner worldwide that is searching for her services and products.

Corinne initially receives her YSW middle-class cyber space home and/or business space. It can be improved to any home, empire, or sales level she chooses with her People's Corporation's support. There are MCC virtual builders worldwide looking for a platform, ready and able to design and build almost any virtual world for Corrine's home and/or business. She advertises on the People's Global Corporation advertising network on the people's Your Space World cyber secure internet to over 7 billion people's corporation owner-members.

Corinne has the choice of being a Small Business Associate or an MCC Franchise Owner. Associates remain completely as non-MCC private businesses receiving the People's Corporation's wholesale prices, 5% greater than MCC Franchise Owners for the least expensive products in the world. The People's Corporation, with a membership of 7 billion

middle class, poor and disabled persons, accesses the cheapest products in the world for all Associate and MCC member-owners.

Corrine receives hundreds of inquiries for her services and products almost as soon as she can access the global MCC advertising and promotion center for all owner-members. The massive PEOPLE'S CORPORATION will then provide all of the on-line support and assistance she needs to ensure her maximum success. Corinne can now market her services and products to billions of her other economic warrior member-owners. With the support of the People's Corporation, wherein Corrine is an owner, she becomes a billionaire in just 5 years. This can be done from home by any retail business MCC member-owner in the world on the cyber-secure Internet they own.

The People's Corporation, by design, has endless profit centers for all new members wanting them. We the People, the 99%, the 7 billion member-owners, united economically with our own resources and labor, create the most powerful corporation ever. Together in our own corporation with our own Internet we have more combined economic power than all the other giant crony corporations combined.

Papa is the at-home creator and builder of the Papa's Toyhouse Builders for his grandson for Christmas. Papa wants to expand globally with the Kiddos' Corporation Toyhouse Builders. He joins, as Corrine did, and receives from the massive global People's Corporation a capital loan at only 2% interest. The Author's Credentials and Background for Middle-Class Capitalism

The award-winning infrastructure and administration **Quality Performance Team Partnership System**, developed by Woolf in the 1990s, can be used for every single federal, state and local government to actually achieve desired quality results. As the Chief Administrative Officer, Woolf started the Quality Bureau at the New Mexico Highway Department. There it developed a national award-winning highway infrastructure construction system.

The national awards were awarded for achieving a Quality Performance for Optimum Results System, coordinated by a team headed by Woolf and Tom Church, whom Woolf hired in 1995 to manage the Quality Bureau. Church recently retired as the Cabinet Secretary of the New Mexico Department of Transportation. Federal highways now use the system Woolf and Church developed, together with a fantastic team of creative partners, in the 1990s.

Our team partners used a compass system to measure all monthly budget and construction results. The Quality for Optimum Performance System was also used to measure optimum performance for the least cost of all other departments' administration, engineering and planning functions. These included state-of-the-art Data Processing, Personnel, Purchasing, Budget, Finance and Maintenance, all operations with quality performance.

The system achieved award-winning maximum efficiency, for the least cost, as measured by a monthly compass, for all administration and infrastructure construction projects and awards. All highway infrastructure projects were performed with the least disruption to communities, in the least amount of time, for the least cost. This system, developed originally by Woolf, can be used for every single federal, state and local government, as well as every corporation, large and small business.

After the 2008 Recession, which angered Woolf, he developed the completely new American Middle-Class Capitalism (MCC) Economic Paradigm. In 2008, Americans lost their homes and retirement savings and were devastated otherwise for no reason of their making! So, after a decade of research and development, Woolf introduced the People's MCC Economic System, using his creatively advanced High-Quality Performance for Success System. The completely new Middle-Class Capitalism Economic System creates a very massive powerful People's Corporation. MCC balances the economic power and influence of the People and the wealthy.

MCC will ensure 100% of the net profits, after expenses, go to the MCC working-class and poor owner-investors. They are all unified investor-worker-team-partner Economic Warriors that build and own the corporation together, using powerfully synergistic, universally integrated capitalism through economic equilibrium. This is the new economic advancement which serves the masses.

Curt Woolf is a bi-partisan American Centrist Independent. Woolf is in favor of the provision of social services and of mandating fiscal-financial responsibility. Americans and our allies everywhere may successfully join together as partners in citizen-government-corporate solutions for all Americans and all people, everywhere. In a balanced economy, power, influence and wealth work together as partners to create economic equilibrium and Universal Integrated Competition. You may see how this is done on the MCC website.

Woolf was the CEO of Chaves County, NM, government for thirteen years, from 1981 to 1993, with the leanest fiscally conservative finances and balanced budget, as well as the best, most compassionate social policies that benefitted the most county residents in the

most need, all within the revenues available to the county, and all with the most emergency cash reserves possible.

THE PEOPLE'S NEW AMERICAN MIDDLE-CLASS CAPITALISM will create:

- * CITIZEN-GOVERNMENT-CORPORATE PARTNERSHIPS FOR UNLIMITED JOBS
- * THE PEOPLE'S CYBER-SECURE INTERNET CALLED YOUR SPACE WORLD
- * THE PEOPLE'S OWN POWERFUL INTERNATIONAL RETAIL CORPORATION
- * INDEPENDENT RENEWABLE ENERGY FOR A CLEAN AND SAFE WORLD
- * ECONOMIC EQUILIBRIUM, UNIVERSAL INTEGRATED CAPITALIST COMPETITION
- * THE WORLD PEACE ALLIANCE TO INCLUDE ALL PEACEFUL RELIGIONS
- * POWER, PROSPERITY AND JUSTICE FOR ALL
- * REAL SOLUTIONS THAT ARE PAID FOR WITHOUT GOVERNMENT OR POLITICS

How is all this possible, right now?

See more details at MiddleClassCapitalism.com and NationalDebtDeficitSolution.com.

This may all sound impossible at first, but it is all real and coming very soon. The Middle-Class Capitalism Slogan is:

“POWER, PROSPERITY AND JUSTICE FOR ALL!”

ALL STAY SAFE!
