Draft Brochure for Non-Exempt Wells

PREPARED AND SUBMITTED BY:

Paul M. Sigle, General Manager

Permitting Requirements

All non-exempt wells are required to meet the permitting requirements. Non-exempt wells in existence and registered prior to January 1, 2019, receive a Historic Use Permit based on the Maximum Historic Use from the well during the Historic Use Period. All new wells are required to obtain a production permit prior to drilling.

Production Permit Requirements

- Production Permits must be approved by the Board of Directors.
- Requires a 10-day notice prior to the Board Meeting per state law.
- Permit review rules are based on Section 36.113 (d) of Texas Water Code.
- Wells or well systems with a proposed aggregate production capacity of > 200 gpm are required to submit a hydrogeological report.
- Application includes: owner and well information, proposed use, proposed annual amount of use, and other information required by the District Rules.
- The proposed annual amount of use has to be justified and a reasonable amount.

Other Permit Information

- Permits are perpetual in nature; however, that the District will conduct inspections and will request information from a permit holder from time-to-time as required to ensure the accuracy and integrity of the District's information, and to enforce compliance with District Rules, the District Act, and Chapter 36 of the Texas Water Code.
- Exceeding the maximum annual amount of the permit would result in overproduction fees in accordance to the District Rules. See District Fee Schedule for more information.

For more information about the District, please contact the District at (855) 426-4433.

Exempt Wells

Exempt wells are wells that are exempt from metering, reporting production, paying production fees, and permitting requirements.

Exemption Requirement Based on Drilling Date

Prior to April 1, 2011	Between April 1, 2011, and January 1, 2019	After January 1, 2019
<p>Exempt wells in existence prior to April 1, 2011, are not required to register.</p> <p>Must meet the exemption requirements as of April 1, 2011.</p>	<p>All wells drilled after April 1, 2011, are required to be registered.</p> <p>An Exempt well are any wells used solely for domestic use or livestock or poultry use, regardless of well capacity, or that are equipped with a maximum production capacity of 25 gallons per minute or less.</p>	<p>An Exempt well are any wells that are equipped with a maximum production capacity of 17.36 gallons per minute or less.</p> <p>The District has no limit on tract size for exempt wells.</p>

Non-Exempt Wells

Non-exempt wells are wells that do not meet the exemption requirements. Non-exempt wells are required to be registered regardless when the well was drilled. Non-exempt wells are required to be metered, report monthly meter readings on a quarterly basis, paying production fees, and meet permitting requirements. Production fees are based on non-exempt use other than agricultural use and agricultural use. For more information on the production fees and the current fee rate, please, visit the District's website at northtexasgcd.org.

For more information about the District, please contact the District at (855) 426-4433.

Spacing Requirements for New Wells

Maximum Capacity of the Well	Spacing from the Property Line	Spacing from Existing Wells Completed in the Same Aquifer
17.36 gpm or less	50 feet	100 feet
Greater than 17.36 gpm	50 feet	1,175 feet + [1.2 x (gpm of the proposed well)]

Meter Readings and Billing

The District operates on a quarterly billing cycle. Meters must be read within 10 days before or after the last day of each month. Water Production Reports (meter readings) must be submitted within 30 days of the end of the quarter. Invoices will be generated within 15 days from the Water Production Report Deadlines and payment is due no later than 60 days from the end of the applicable quarterly billing period.
