

Garbage

Your garbage service should only be delayed twice during 2021:

Memorial Day — pick up will be Wednesday, June 2nd

Labor Day — pick up will be Wednesday, September 8th

Sewer/WWTF

EVERYTHING that goes into the toilet, or down your drain, comes out at the Waste Water Treatment Facility. Many of these items cause damage to the treatment facility and prevent the process from working the way it should. In addition to major expenses associated with fixing the system, *foreign substances cause misreads on our required testing, which can lead to violations and fines.*

“Disposable” wipes do not break down. Neither do Q-tips, diapers, pills, paper towels, feminine products, grease, fats and oils.

Nothing should go down the drains except human waste and toilet paper.

Water

As the ground thaws in the spring, it is expected to see quite a bit of natural run-off, but if you see something that looks like it could be more than just ground water, please contact Town Hall so Public Works can check it out.

Fairview Cemetery of Rockford is looking for people who would like to be more involved in the care and running of the cemetery. The Board of Directors welcomes applications from Rockford and the surrounding areas. To apply, please write a short note on why you would like to be involved with the cemetery. Applications and requests for more information can be mailed to Rockford P.O. Box 63 or emailed to lindsey.shier@chsinc.com.

Pet Owner Responsibility

Please be respectful to your neighbors and remember to keep your pets contained or on a leash. There is a “leash law” in Rockford that can be enforced by Spokane County Regional Animal Protection Service (SCRAPS). Fees may be imposed by SCRAPS for any animal “at large.” If you have any questions or concerns regarding enforcement, please contact SCRAPS at 509-477-2532.

Town Hall will be closed on February 15, 2021 in observance of President’s Day.

After hours contacts:

Carrie Roecks 509-270-3310

Dave Thompson 509-294-0540
