OFFICEFURNITURE

QUATRO

Quatro; timeless comfort, accessible elegance

With its timeless design and superior comfort, the Quatro Task Chair stands out as the brand’s most preferred flagship product.

Its ergonomic structure, elegance, and durability make a difference in office environments, while its affordable price makes it accessible to a broad range of users.

Combining both aesthetics and functionality, Quatro sets new standards of comfort in office seating. With Quatro, comfort is now a right for everyone!

Fixed Lumbar Support – Align with Your Spine

To support your lower back, a fixed lumbar support has been incorporated into the product design.

Seat Width	19"	19"	19"
Seat Depth	18"	18"	19"
Back Width	19"	19"	18"
Back Height	30"	22"	18"

■ The Key to Silent and Smooth Movement

Silent casters ensure soft and noiseless mobility for your office chair. They glide quietly on hard floors, maintaining a peaceful atmosphere in your workspace.

■ Height Adjustment / Control Rod on the Right Side of the Mechanism

To lower the seat, place your full weight on the chair and twist the control rod upward. Once the desired height is reached, release the rod.

To raise the seat, shift your weight onto your feet and twist the control rod upward again. The chair will rise automatically.

■ Tilt Mechanism – Three-Level Locking Control Rod on the Right Side of the Mechanism

Push the control rod forward to activate the tilt lock.

Pull the control rod back to release the tilt lock.

■ Tilt Tension Adjustment Control Rod at the Center of the Mechanism

Twist the control rod outward to increase tension.

Twist the control rod inward to decrease tension.

■ 3D Armrest – Maximum Ergonomics, Personalized Comfort

Function buttons are located beneath the armrest. Its fully adjustable structure offers top-level ergonomics in every direction.

Height adjustment: Moves upward by 5 cm (1.95 inches) using the button under the armrest.

Width adjustment: Adjusted by pressing the armrest sideways.

Depth adjustment: Adjusted by pressing the armrest forward.

The armrests provide ergonomic support to reduce fatigue in the arms and shoulders.

■ Adjustable Headrest Achieve Your Personal Comfort

Loosen the headrest mechanism and grasp the headrest with both hands to move it up or down.

You can also tilt the headrest forward and backward using both hands.

Once you've found your most comfortable position, tighten the mechanism to secure the headrest in place.

“Stylish, ergonomic,
and affordable.”
