Carry Course Description: \$75 - \$115 and 2-3 hours

The courses are a mix of lecture, visual presentations, group discussion, video presentations, and question/answer sessions. The course is a classroom based course taught by NRA & Utah BCI certified instructors.

During the courses we will cover everything (and then some) that is required to allow you to get your permit or permits. We will cover the importance of firearm safety, situational awareness, the basic nomenclature and operation of handguns, where you can and can't carry your firearm in the Commonwealth of Virginia, as well as the Virginia (& Utah when applicable) laws on self-defense and the use of deadly force. Whether you are looking to get your Concealed Carry Permit in Virginia or Virginia and Utah, or add a Utah permit to go along with your Virginia permit, these classes are for you.

All classes are open to both Virginia residents and Non-Residents.

NRA MUSEUM

THE LORE OF THE LUGER

By and Located At: NRA Museum in the Nation's Gun Show
(703)267-1600 : nfmstaff@nrahq.org

Lore of the Luger

One early semi-automatic pistol captured the world's attention and many countries elected to adopt the brainchild of George Luger, the Parabellum pistol. NRA's National Firearms Museum will be bringing a special selection of Luger pistols – many of which have never been exhibited before in our galleries.

In keeping with the international theme of this pistol design, we'll be bringing Lugers that were issued by Germany, Portugal, Switzerland, and the Netherlands. We'll also showcase rare cartridge counter and target-modified pistols.

Some famous Lugers, including one that belonged to Mexico's 37th president, Venustiano Carranza Garza, are part of this one-time traveling exhibition.
