MANHATIAN OR SEAR MART

The purpose of this illustration is to show that the Ground Zero complex appears to correlated to the Orion's Belt star cluster. The previous Twin Tower stood where currently there is only the outline of the former buildings that were taken down in a Kabbalistic sacrificial rite. The illustration will also suggest some approximate measurements form the complex using GoogleEarth coordinates. Thus if the Ground Zero complex is mirrored to Orion, then a motif representing the Silver Gate should be present., which is the case. To the east of the complex is a black monolith-looking skyscraper. This study suggests that it is a monolith that suggests a Stargate. The 2 Towers that were taken down by the Luciferian Money Changers 'morphed' into the 3 tower. This new so called Freedom Tower is 1776 feet tall with the spiral extension. In essence this modern day 'Tower of Babel' is an encrypted pattern of the Great Pyramid of Giza. These 3 pyramids are also corresponding to the 3 stars of Orion's Belt. The Freedom Tower thus corresponds to the year 5776 as the Great Pyramid is 5776 inches with the capstone.

'Star Cate?'

GROUND ZERO
Orionis Belt

The 2 remaining outlines of the Twin Towers have now become the signatures of the Luciferian Snake Eyes. The term derives its connotation from the 'snake' that is associated with its treachery and betrayal. The Luciferians are publically but occultically broadcasting openly that they are the ones that have conspired and betrayed the nation and its people.

It is for these and many more crimes against Humanity that Jesus will come back to whip the Money changers out of His House of Prayer. Jesus will execute judgment on this Cabal that has conspired to be in league with Luciter's plan to destroy and/or distort the human race.

Ironically is 5776, which is 2016 primarily the year America loses its Freedom? The Freedom Tower is in essence an elongated tetrahedron. This design has incorporates the Luciferian mantra of 'As Above, So Below.' That the center positon the building incorporates a double square formation. This is the Masonic signature of a double cross or not 'being square' in terms of honesty.
