

A Cedar Blessing

Thank you, God and Mother Earth,
For the blessings of this cedar bough.

I give thanks for the gift of healing
And reviving my tired body, mind and Spirit.

I am grateful for the protection it brings me,
Clearing away all negative energies
And bringing in all that is of
Light, Truth, Peace, Joy and Love.

May I be kind to all,
As I recognize the Divine within everyone,
And give thanks for unknown blessings,
Already on their way.
