

CAPABILITY STATEMENT

BENNETT

CONSTRUCTION & ENTERPRISES

Bennett Construction and Enterprises, LLC is a Construction and Construction Management Small Business focused on delivering outstanding customer service with Headquarters located in Lexington, KY owned and operated by two (2) United States Air Force Retirees: Mr. Brian E. Bennett, Chief Executive Officer (CEO) and Mr. Derrick O. Williams, Chief Operating Officer (COO).

CORE COMPETENCIES

At Bennett Construction and Enterprises (BC&E), our core competency is service in the field of maintenance, alteration, and renovation of real property, specifically flooring (decorative concrete with emphasis on polished concrete and coatings). As a Service-Disabled Veteran-Owned Small Business (SDVOSB), we are focused on delivering quality service and truly believe that service is the only true difference between success and failure. We are small, but effective and our growth is contingent on our customer service. We started with a focus on maintenance/renovation six years ago and our service has grown to include a specialty trade, concrete flooring and coatings service.
