

CIT is.....

An exemplary pre-booking jail diversion program for people with mental illness

A process of addressing system change for crisis care within a community as a whole

About responsibility to the community, family members, and consumers of mental health services

More than a training program for selected Public Safety Personnel. CIT is a mindset!

CIT

CRISIS INTERVENTION TEAM - TRAINING
FOR
CAPE COD AND THE ISLANDS
LAW ENFORCEMENT

Dennis

POLICE DEPARTMENT

Peter DiMatteo - Chief of Police

-
- Public Safety Training
 - Accessible Crisis System
 - Community Collaboration
 - Behavioral Health System Training
 - Educate Family/Recipient/Advocates

CIT programs are designed to educate police officers on effective interaction

with individuals who may be in crisis and/or consumers of the mental health system. Incorporated in this training is the belief that a relationship with professionals of the mental health system, as well as family members of consumers, is crucial to providing the best possible care for these individuals as well as for resolving many situations that arise from their unique need.
