

over 100 years of innovation

SK8000 stepper

As part of our premium commercial line, the SK line is like no other on the market. With automotive grade paints on both plastics and steel parts, sleek styling, and uncompromised components, the SK8000 will set the new standard of what a stepper should be.

- Refreshing 2 speed personal cooling fan motivates you to go the extra mile
- Self-generating, no external power required to operate the equipment. Enables flexible placement within a room without regard to power outlet location
- MP3 player compatible through a line-in connection. Audio is available through built-in speaker or headphone jack
- Polar® wireless HR compatible. Use a Polar heart rate chest strap to readout your HR on the display console or interact with built-in HR control programming
- 3 Step automotive grade paint finish on frame and shrouds provides unparalleled durability and a distinguished appearance
- SCT steady rate motion control technology ensures consistent resistance throughout each step
