

**Peoples Foundation**  
**In-class Mentoring Program Request Form**  
**Be-A-Mentor...Change-A-Life**

The Peoples Foundation “In-Class Mentoring” program was started as a way to impact children’s life everyday. We can do that by meeting the children where they are and where they are potentially at need, or as some may call it “at-risk.” We meet that need by being an active participant along with the teachers and administrators of school programs. We volunteer in our local schools and support the need for a positive role model that the child sees everyday. We assist the schools, teachers with support on class projects, assisting the children in homework and overall “support” the needs of a mentor for the children. Our hope is that this program could reach a child in a meaningful way. Trying something is better than doing nothing and continuing to see our youth become troubled and slip-sliding into bad activity, and checking out in school...losing HOPE.

The Peoples Foundation mentor program hopes to be the community partner that helps change that. By standing along side our community members and teachers not just outside of school but inside of school to help change that dynamic.

We generally prefer to have a memorandum of understanding, memorandum of agreement (MOU/A) in place; between our organization and the school/board prior to committing to our volunteer campaign. But we understand at times those take some time to get approved. So, until we finalize the MOU/A between ourselves and the requesting organization; we can operate on simple request forms to initiate the support.

Please complete this simple request form and our team will get started on gathering the support and volunteers you need for in classroom mentorship.

Teacher/Administrator: \_\_\_\_\_

School/Address: \_\_\_\_\_ Rm. \_\_\_\_\_

For Dates: \_\_\_\_\_

Times: (Or Attach Your Bell/Class Schedule)

Monday: \_\_\_\_\_ Tuesday \_\_\_\_\_

Wednesday: \_\_\_\_\_ Thursday \_\_\_\_\_

Friday: \_\_\_\_\_
