May 29, 2019

The Newark Police Department advises that over the past couple of weeks, several businesses have been the recipient of Fake \$100.00 US Currency.

The two samples below were recovered and as you can see in the top left the word “REPLICA” is printed. Other bills that have been encountered will have Chinese lettering or will say “Movie Money” across the top.

Please make your employees aware and check any \$100.00 bill presented.
