DESCRIPTION: Damon Howatt designed the Super Diablo after numerous discussions with leading bowhunters. This model features superb speed, smooth draw, exceptional power, and remarkable accuracy. Brazilian rosewood. It has a comfortable high grip. The bow is in excellent (near mint) condition. One lower limb did have some crazing and was refinished; Not able to save the Howatt logo, so what is attached is a reproduction. No delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes. No chips, dings or cracks. No stress lines or crazing. A few minor scratches and scuffs on the limbs. This is a real winner. Almost too pretty to take hunting.
