## *RAFAEL VEGA | DENNIS HOLLINGSWORTH | GARY STEPHAN*

JANUARY 12 – FEBURARY 25, 2017  
Opening reception: Thursday, January 12, 6:00-8:00 PM

New York, NY (January 5, 2017) Hionas Gallery is pleased to announce the forthcoming self-titled group show, comprising three paintings apiece from abstractionists **Rafael Vega, Dennis Hollingsworth, and Gary Stephan**. The exhibition will run from January 12 to February 25, 2017.

This show brings together three visionaries whose distinct masteries of abstract forms and space create sublime worlds in which color, order and spontaneity unite to reveal carefully balanced fields of positive and negative forces. Each artist's facture is also uniquely architectural in character, composed out of etchings, daubs, and brushstrokes, respectively. These varying approaches to the painterly surface, while direct in their own way, are paradigmatic yet exploratory; what materializes feels wonderfully unexpected.

The opening reception for *Rafael Vega | Dennis Hollingsworth | Gary Stephan* will take place on Thursday, January 12, at 6:00 PM. The artists will be present. For more information visit [www.hionasgallery.com](http://www.hionasgallery.com).
