

Owners/Members,

In an effort to preserve our beautiful recreational areas and thwart trespassers and poachers, we are asking that all Owner/Members provide record of any and all vehicles that they might be using in Ticonderoga. With this information, we will assign stickers or other identification for all your vehicles, including ATVs, and record the identification number with the vehicle license plate number. The identification will let Board members and other Owners know that you indeed are a part of Ticonderoga. For those who wish not to have a sticker on your vehicle, you may request a hanging ID card to put on your rear-view mirror while on Ticonderoga roads. Please fill out all fields and return to the Administrator to receive your stickers and/or vehicle ID cards. Only one hanging ID card per Owner/Member will be distributed, since they are easily transferred from one vehicle to another and they are in short supply. We will record the numbers and mail the stickers/card when we receive this form. If you need additional space for more vehicles, please print this form and attach and send the two forms together. **For guest vehicles, you must use the dashboard Guest Passes that are located on the Ticonderoga website: www.ticonderogahoa.com**

Date: _____ Lot: _____

Property Owner(s): _____
