

## 3D Pinwheel Block Lotto – April 2024

To Create this block you need the following:

(4) – 5.5 inch background squares ← White with small pattern

(4) – 5.5 inch pinwheel block squares ← Coordinating Accent – Any Color

1. Each of the (4) Pinwheel blocks fold it in half.

2. Then fold the right corner over to the point. Pin it in place.

3. Lay down your background square and align the folded pinwheel along the right-hand side, as shown below. Pin or clip into place.

- Stay stitch along the right side and the bottom of the square using  $\frac{1}{8}$ th inch seam allowance.

- Lay out your block squares as shown below. Sew together as a normal 4-Patch block. Nesting the center seams to reduce bulk.
