

CHURCH AGE - BUILDING OF THE BRIDE

The purpose of this illustration is to correlate several Layers of Prophetic Inferences to how long the Church Age is to last. The Temple Patterns will be from the Pattern of YHVH's Holy Sanctuaries, to include the Tabernacle of Moses, the Great Pyramid as referenced in Isaiah 19 as the Altar of YHVH, and Solomon's Temple. The Bible suggests that the Body of Christ is being Built-Up as a Body or Temple. And the Prophetic Template for the Building of the Bride is Jesus, who said of Himself that He was the Temple, etc. Jesus Promised to 'Build' His Bride and that the Bride is a Building, currently being Constructed and that this study suggests, is about to be completed Prophetically, based on these Temple Patterns of Time. These Sacred Patterns of the various Temple Blueprints suggest that the Culmination of the Church Age is veiled in their Sacred Geometry and Phi Ratio Proportions, perhaps. What this study seeks to Correlate, is an Attempt to Synchronize all these Holy Sanctuary Temple Templates and Deduce a possible Prophetic Inference, to just how close the Timing is for the Building of the Bride is to be Completed, i.e., the Rapture Event to Conclude the Church Age. Jesus stated that He went to Heaven to build His Beloved Bride, Mansions in His Father's House. And that 1 Day, they would be Completed, and that His Return would Coincide with the Conclusion of the Spiritual Temple being Completed on Earth also. Jesus Himself is overseeing this Construction Project. In Tandem, Jesus sent the Holy Spirit on Pentecost in 32 AD, to those 120 Assembled in the Temple Precinct, to empower them to begin the Royal Commission to help Construct the Body of Christ on Earth, until then.

TABERNACLE PATTERN OVERLAY - CHURCH AGE COMPLETION

7 CHURCH AGE CLOCK

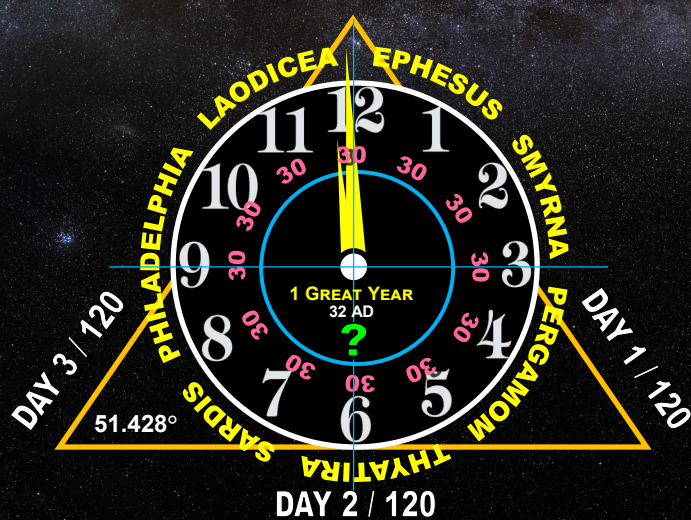

The pattern is that of the Precession of the Equinox where 1 degree is attained every 72 years.

$360 \times 72 = 25,920$ years
the 72 coefficient $\times 5 = 360$ circle
 $360/12$ hours = 30 day months
If $360/3$ days = 120 years

then the year 5776 is the end prophetically of the Clock, then the last 120 years corresponds to the midnight hour when the Groom calls for the Bride as a 'Thief in the Night'.

The Supposition of the 'Building of the Bride' Temple Pattern Theory, is based on several Biblical Utterances from Jesus Christ. There are also Spiritual Clues as to the make-up or Dimension that one Suggests Correlate to Time, and perhaps the Timing of when this Bride Building or the Church Age is to be Completed. This Bride Building is Special. It is Alive, in that the Building of the Bride is being constructed with Living Stones. The Point is that 1 Day, this 'Construction Project', will be Completed according to Ephesian 2:20, 1 Peter 4 and John 14:3; on Earth as it is in Heaven. It will conclude with the Rapture, because the Building of the Bride is being Mirrored in its Construction, with the very Dimensions of Jesus, who is the Temple of YHVH in Glory. Jesus had instructed Peter that, upon the Confession of similar Revelation that Jesus is the Messiah, the GOD the SON, that in turn, Jesus through the working of the Holy Spirit, would 'Build' His Holy Church on Earth with such Confessions of Faith.
