Babylon	Medo- Persia	*Greece Alexander, Alexander's General Seleuces	*Greece Alexander, Alexander's General Ptolemy	*Greece Alexander, Alexander's General Cassander	*Greece Alexander, Alexander's General Lysimachos	Constantine I evoked the Nicene council in 325 AD to settle Christian church doctrine. Nicene Christianity became the Roman Empire's official state church and religion with the Edict of Thessalonica in 380 AD by Emperor Theodosius I					Little Horn (Papacy) False Prophet, 2 horned beast and Babylon Harlot: Roman Catholic Church Government.	Little Horn (Papacy) False Prophet, 2 horned beast and Babylon Harlot: Roman Catholic Church Government.	Little Horn (Papacy) False Prophet, 2 horned beast and Babylon Harlot: Roman Catholic Church Government.	Little Horn (Papacy) False Prophet, 2 horned beast and Babylon Harlot: Roman Catholic Church Government.	Little Horn (Papacy) False Prophet, 2 horned beast and Babylon Harlot: Roman Catholic Church Government.	Little Horn (Papacy) False Prophet, 2 horned beast and Babylon Harlot: Roman Catholic Church Government.	Little Horn (Papacy) False Prophet, 2 horned beast and Babylon Harlot: Roman Catholic Church Government.	Then the kingdom and dominion, And the greatness of the kingdoms under the whole heaven, Shall be given to the people, the saints of the Most High. His kingdom is an everlasting kingdom, And all dominions shall serve and obey Him Daniel 7:27																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																															
Head 1 Lion w/eagle wings	Head 2 Bear w/3 ribs in mouth	Head 3-1 Leopard w/4 wings & 4 heads Syria & East to the Indus River: Seleuces become Kings of the North	Head 3-2 Leopard w/4 wings & 4 heads Egypt: Ptolemies become Kings of the South	Head 3-3 Leopard w/4 wings & 4 heads Macedonia & Greece	Head 3-4 Leopard w/4 wings & 4 heads Thrace	The Transition Age of Rome: 455 AD to 554 AD During this period the last pagan Roman Emperors in Italy were ruled only as puppets of the Vandals and Heruli kings. The Deadly Wound on Daniel's 4th beast's head was received*** when Pagan Rome was conquered by Heruli King Odoacer in 476 AD. The last Roman Emperor, Romulus Augustus the boy emperor, was deposed and sent into exile and this is considered by historians to be the end of the Roman Empire.					Vigilius is made Pope. Papal Supremacy begins and non-Catholic persecution increases. The Deadly Wound on Daniel's 4th beast's head is healed by the restoration of Rome in 538 AD and most of Italy in 554 AD. The 2 Roman capitals: East (Constantinople) & West (Rome) are joined by Justinian 1, Emperor of the East under his rule.					The False Prophet of Rev 19:20 and the Little Horn of Dan 7: 8 is the succession of Popes. The 2 horned beast of Rev 13:11-18 has horns like a lamb (biblical symbol for Christ) and speaks like a dragon (biblical symbol for Satan). It has the appearance of a Christian church but Satan is in its heart (see Matt.15:11 & Mark 7:15). The image of the beast is the Roman Catholic Church government with its civil/political horn and its religious horn made in the likeness of the Pagan Roman Government. This prophecied Little Horn speaks with his declarations, supposedly infallible words and papal bulls and causes the people of the world to commit idolatry by worshipping the image of the beast (Roman Catholic Church Government) and to take the symbolic mark (Roman Catholic Babylonian doctrine) or number of the beast's name, Rome (in numerology ROMAN = 666, "the number of a man" Rev.13:18) on their right hand (work & actions) or on their forehead (belief & thought) or face persecution to death at the hand of the kings and their armies who give their allegiance to him. Revelation 13: 11-18 As before during the Holy Roman Empire's reign the beast (Rome) will enforce Roman Catholic Sunday rest & Worship and doctrine only to be observed. The "Venerable Day of the Sun" was first proclaimed the official Roman lawful day of rest by Constantine the Emperor in 321 AD. Later at the Church Council of Laodicea (364 AD) the church outlawed rest or Judaising (observing God's 4th commandment) on the 7th Day Sabbath established by God when He sacrificed it and declared it to be a sign. See Gen. 2: 2-3. Deut.5: 12-14, Ex 31: 17, Ez 20:12. See instructions for God's law in Deut.6: 8-9 & Mark 10: 17-27					Man of Sin revealed, 2 Thes 2: 3-4 Papacy regains power over a European union & causes all to take the mark (Roman Catholic Babylonian doctrine) of the Beast or die. God's two Witnesses Prophecy Rev. 11 "Come out of her" Rev. 18:4 Later the kings (10 horn alliance) who hate the Harlot (Babylonian Christian church govt.) expose and destroy her with fire. Matt 3:12 & Rev 16:15-18					This Kingdom of God on earth will be ruled by true Christians under Yahshua Christ from the New Jerusalem and it will be based on individual freedom with responsibility and love of Yahweh God, the Creator, and on His Eternal Law.																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																							
626 BC 539 BC	550 BC 330 BC	323 BC - Alexander's Kingdom lasted until the end of his 4 generals' decedents Hellenistic rule around 146 BC			509 BC to 476 AD																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																												
Above 2 rows: Daniel 7:1-27 Vision of beast w/4 heads & bible interpretation. (Babylon thru pagan Rome) The same world systems as Nebuchadnazzar's Dream Statue Image Dan. 2: 31-45 (See Top Row)										Arian and Monophysite**** Christianity persisted in Italy until three heretical Christian barbarian kings (horns) were overthrown (subdued Dan. 4:24) or (plucked up by the roots. Dan 7: 8)										The Deadly Wound on Daniel's 4th beast's head was received*** when Pagan Rome was conquered by Heruli King Odoacer in 476 AD. The last Roman Emperor, Romulus Augustus the boy emperor, was deposed and sent into exile and this is considered by historians to be the end of the Roman Empire.																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																													
*When Alexander died the kingdom was split between his 4 generals. The Seleucid (North) kings and Ptolemaic (South) kings became prominent. Dan.11:1-20 Antiochus IV Epiphanes (1 Maccabees), a Seleucid king was a forshadowing of antichrist (prophetic vision in Dan. 11: 21-35) who in 168 BC tried to destroy Judaism by burning their scriptures, books of laws, Hellenizing the Jews and killing those who continued in their religion until the Maccabees revolted.					Head 4 of Dan. 7:23-24 Roman Empire (deadly wound received in 476 AD) was the 1st of the 7 headed beasts seen by John in Rev. 17:3 The Pagan Roman Empire was restored (healed in 554 AD) as Christian Rome (Holy Roman Empire)					The Deadly Wound of Pagan Rome Received in 476 AD					Rev. 13 Beast govt. Head 1 (revival 1) Pagan Rome Restored. Its deadly wound was healed*** by Roman Emperor Justinian 1 but now is Christian Rome. Harlot now sits on beast.					Rev. 13 Beast govt. Head 2 (revival 2) Franks Ruled the Restored Roman Empire. Harlot sits on beast.					Rev. 13 Beast govt. Head 3 (revival 3) Germans Ruled the Holy Roman Empire. Harlot sits on beast.					Rev. 13 Beast govt. Head 4 (revival 4) Austrians Ruled the Holy Roman Empire. Harlot sits on beast.					Rev. 13 Beast govt. Head 5 (revival 5) French Ruled the Holy Roman Empire. Harlot sits on beast.					Rev. 13 Beast govt. Head 6 (revival 6) Italians Ruled the New Roman Empire. A weaker revival. Harlot sits on Beast but Hitler dominated Europe					The future 7th beast head is also an 8th beast government having 10 future horns (kings) as well as being one of the seven headed beast. Rev. 17:11 Harlot sits on the beast until the beast destroys her with fire.																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																				
Head 4 of Daniels beast (Rome) conquered and absorbed Heads 1 - 3 and received their combined characteristics plus having the strength of iron.					Pagan Roman Emperor worship					horn 1 Generic (Vandals) Rome was still pagan					horn 2 Odoacer (Heruli) (No Roman Emperor) Arian Christianity					horn 3 Theodorich (Visigoths and Ostrogoths) Arian Christianity					horn 4 - Justinian 1 First of the Christian Roman Emperors					horn 5 - Merovingians Carolingians & Charlemagne					horn 6 - Otto I through Sigmund von Luxemburg					horn 7 - Habsburgs Dynasty					horn 8 - Napoleon					horn 9 - Mussolini (Garibaldi united Italy. Mussolini inspired Hitler & in 1939 allied with him just before WW2 began)					horn 10 - "Antichrist" will rule Europe and the west for 3 1/2 years then be defeated by Christ by the sword of the spirit when He returns to establish God's Kingdom on earth.
