

We are currently seeking a business in need of large quantity cooler and/or freezer space.

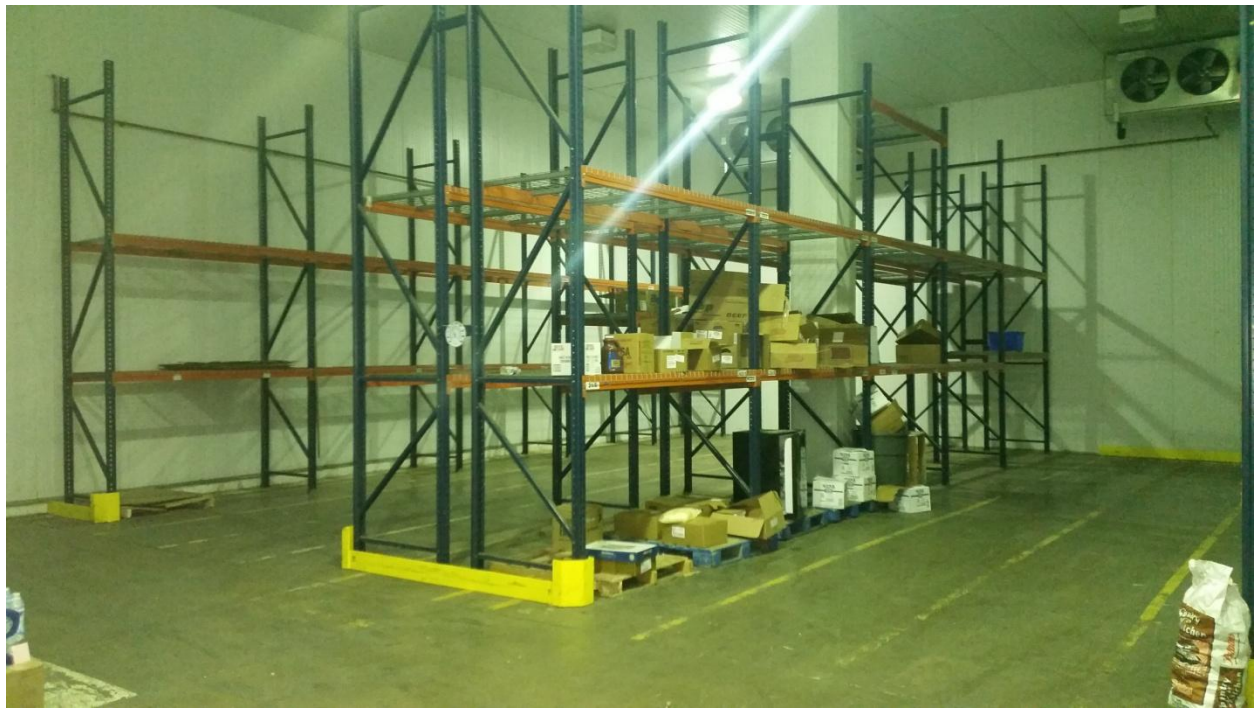

Cooler storage space of 2625 sqft provides room for up to 160 pallets of climate controlled products. Our Freezer Storage Space of 3869 sqft is maintained between 0 and 2 degrees Fahrenheit and has room for up to 292 pallets.

We utilize three truck level docks and one ground level overhead door for ease of loading and unloading. Additionally, we have the ability to handle, store, and ship (with our 48' refrigerated trailer) all of our customer's products with precision and care by employing people who believe in integrity and teamwork.

Located at 320 Hoffman St. in Newark, NY, we are 45 minutes east of Rochester and 50 minutes west of Syracuse making us a great distribution location.

SuperGen Products is a distributor and authorized refurbisher of Champion Power Equipment (Generators, pressure washers, log splitters, winches etc.)

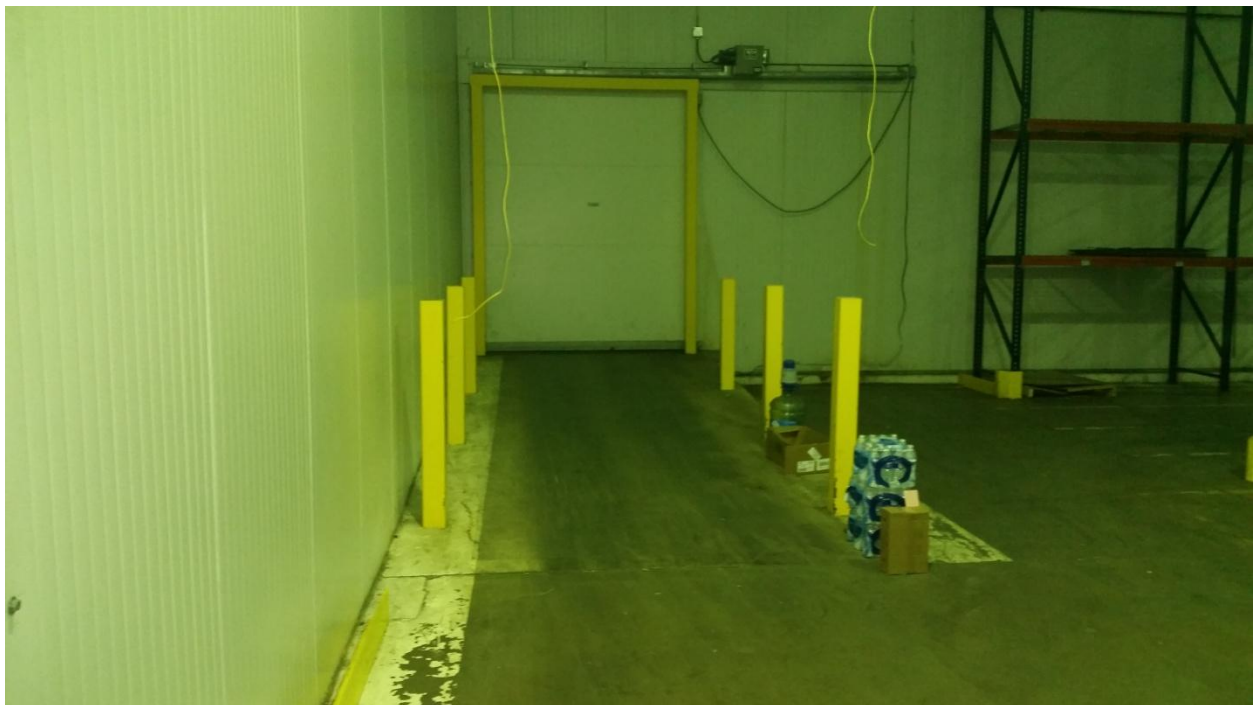

For more information contact Paul Cole @ 315-573-7887
