Motion: Mrs. Matyasovsky **Second: Mr. Matlos**
All in favor. Motion carries

Mr. Zrenchak explained that they had Jill Pack look into getting a better rate, but with some of the things that have gone on in the past and what is going on now, it was apparent that we should stay with the current company.

Mr. Zrenchak went over some budget notes. We started to put in place some placeholders for a police car, a dump truck or backhoe in order to build that fund up in case we need it. We looked into replacing all of the street lights in the borough using the discount for the LED lights. He talked about the debt service. The once a year PIB loan payment is a once a year payment. The paving loan will be paid off in December. The loan for the public works truck has about \$18,000

left on that. We have a surplus so it might behoove us to go ahead and pay that off. It would make us debt free and we would be in a better position if we needed to take out a loan. He asked Corey Derr information about the cameras for the borough building, we need to update the computer system. Corey Derr said that he is looking to upgrade the fire department computers so maybe he can get a better price if he went in with the borough.

Council went into executive session.

Motion to adjourn

Motion: Mr. Matlos

Second: Mr. Sloss

Meeting ended at 7:38 pm
