

TAE-REP, Inc.

December, 2021

320 N. Washington St., Rochester, NY 14625 (585) 586-8710 Sales@taerep.com

Proudly Serving Upstate NY Since 1980

www.adaptivepower.com

- Economical AC and AC+DC voltage and frequency converters
- 500VA to 180kVA single chassis models
- Ideal for 50/60/400Hz production testing and bench distribution

Brüel & Kjær Vibro

A member of the NSK Group

www.bkvibro.com

- Condition Monitors for critical and non-critical equipment
- Online Condition Monitoring and Diagnostics
- Acceleration, velocity and displacement sensors and accessories

www.dataforth.com

- Industrial signal conditioners and isolators
- 5B, 7B, 8B, 9B and DIN formats
- **MAQ@20 Instrument Class®** data acquisition system

www.druck.com

- Pressure transducers and transmitters to 10,000 psi
- Flight qualified transducers
- Digital pressure indicators, controllers and calibrators
- Portable process calibrators

www.ipetronik.com

- Extremely rugged data acquisition systems for environmental extremes
- Wireless WiFi connectivity
- Extensive software solutions

www.knick-interface.com

- Voltage and current transducers with high isolation
- High voltage transducers to +/-4800 V
- SIL3 pulse/frequency conditioners and repeaters
- Universal isolated signal conditioners

www.pacificpower.com

- Precision AC and AC+DC power sources
- Highly programmable and reliable
- Ideal for product development, avionics qual test, safety test, EMC labs, and ATE
- DO-160, MIL-STD-704 and Airbus test software

www.panametrics.com

- Clamp-on ultrasonic liquid flowmeters
- Wetted ultrasonic flowmeters for liquid, gas and steam
- Trace moisture probes and analyzers
- Oxygen and binary gas transmitters
- Sample systems and packaged solutions

www.sherbornesensors.com

- High precision inclinometers
- Servo and MEMS-type accelerometers +/-0.1g to +/-200g
- High shock limits

www.us.tdk-lambda.com

- Programmable DC power supplies from 750 W to 90 kW
- High performance **GENESYS™** and **GENESYS+Plus™**
- Programmable and precision high voltage supplies to 300kV

tmi.yokogawa.com/us

- **ScopeCorder** high performance data acquisition instruments
- DSOs & MSOs with extensive serial bus analysis (CAN, LIN, FlexRay, SENT, CXPI, I2C, SPI, and UART)
- Digital power analyzers and power meters
- SMUs, current sources, AC&DC standards
- **SMARTDAC+®** distributed data acquisition and control system

Our team of professionals is ready to assist you with your application and ordering needs.
