Regular Meeting

March 16, 2010

Meeting called to order 7:02.

Present: Ulrey, Dufort, Barnett, Zeitz Absent: Rhines

Ulrey led Pledge of Allegiance.

Ingham County Road Commission Report – Sergeant Sisco gave monthly statistics. 98 hours of patrol time spent in the township for the month. Identify theft reports have been taken last month. Ulrey questioned what to do if someone knows of a meth lab. Sisco stated to call the Sheriff's Department so they can stake out the residence. Sheriff's department takes reports and it's up to the prosecutor's office to press charges. Day shift has 5 road deputies and 3 sergeants and night shift has 5 deputies and 2 sergeants. Sometimes Sheriff Requests help from Leslie, Stockbridge, and MSP. State police backup has gotten a lot better. They have a new post commander and know we are suffering in Ingham County so they are more likely to assist.

Ambulance center will stay down the road until the house is safe to enter. Police have to have home safe for the ambulance staff to assist people in need. If police are not available it endangers the lives of those in need of medical assistance.

Randy Schaffer – County Commissioner for Williamston Webberville and Stockbridge area. We have very little votes for the rural townships. The urban commissioners hold most of the votes. Ingham County has to cut 5 million out of their budget. Schaffer is pretty sure the commissioners are not going to vote to continue to fund road patrol. Supervisors have been meeting regularly to try to find another solution. By 2012 there will not be any officers on road patrol. 11 townships have signed the intent to form an authority to work together to try to find a solution. If successful, it could be a very powerful tool in the future.

After we get the townships together we will have to fund it. It will be similar to SAESA but will take much more work. Authority wants to fund this by charging a 150 dollar assessment per household. That would bring in 2 million dollars. The Special assessment could be put on a ballot. If it doesn't pass it could fall apart. Board also has the ability to just assess the tax for police protection. County cannot put assessments on taxes. If other areas come in the costs could be less than 150 dollars. We will be putting out a newsletter that will formally inform the public.

Are the commissioners going to try to force some of the other departments. Such as narcotics, dives team etc. Onto the township is a question we do not have an answer to.

Building Inspector – 1 inspection this month. Wrote one building permit for a remodel.

Zoning – Carlisle Wortman said final changes are suppose to be sent to us in a week or so. They are also working on our master plan. Suggested to have a meeting at the end of April to discuss the changes they recommend for the master plan. They are doing the master plan for no additional charge because we were overcharged for the updated zoning ordinance.

Motion Ulrey, support Dufort to accept minutes as written. Motion carried.

Motion Ulrey, support Zeitz to accept treasurer's report as written. Motion carried

Motion Ulrey, support Dufort to pay bills totaling \$14,117.95. Ulrey explained the road commission will re chip seal Haynes Rd in the summer at their cost. Motion carried. We saved approximately 2000 dollars on our consumer's bill because of doing a few repairs such as putting flexi glass on the windows.

Surveys- The surveys we sent out with the tax bill we only received 35 back. Not enough to get a fair opinion of the public.

SAESA – Outsource Billing to Livingston County. They are very good at what they do and they will receive payments quicker.

Cemetery Addition – Still do not have the 30 foot easement from the church. They just need to sign our plan and we can start with the cemetery addition. Wrights have donated the land. Wrights will be donated some plots.

Cell Tower – Engineers should be out here within a week or two. It's up to AT&T where they are going to build it.

Public Comment – Walter Kapp wants to open a winery, they will be growing their own grapes. Will have a tasting room. Would need a special use permit for the store front.

Motion Ulrey to adjourn at 8:07 support Dufort motion carried

Bunkerhill Township Regular Meeting

Meeting called to order 7:04 PM

Ulrey led the Pledge of Allegiance

Present: Ulrey, Rhines, Dufort, Barnett and Zeitz

Ingham County Sheriff's Department Report – 10 Criminal Complaints, 6 Blotter Calls, 6 Traffic Accidents and 5 Citations written. B&E of a detached Garage investigated. B&E's are happening between 11-3 during the day. Keep stuff locked up and out of sight when possible.

Micky Martin from Williamstown Township and Paul Risner from Stockbridge Township were here to answer questions regarding the authority. Micky Martin, gave overview of what the county commissioners are wanting to cut. Out county road patrol is not a statutory duty. Townships have tried to get the county to not cut road patrol. There will be a point when there is no police protection. Proposed is a special assessment for every residential unit. Commercial units are \$250 for one year of service. Once money is collected we can contract with the sheriff, with as many deputies as we so choose or can afford. Or we can start our own department completely with the 13 townships. No final decisions have been made. It will come down to service provided and costs.

A letter was drafted last Tuesday to the county commissioners. Letter asked for 2.6 million dollars for startup money for first year contract money. There proposal was for \$800000. We are arguing for more money. We should be entitled to the money that they would be saving if they aren't going to provide service. The taxes residents pay to the county will remain the same, even though we will not be getting the service.

Trustee Barnett questioned whether it would work for 150 dollars if only 6 townships approve the ballot?

Martin responded that the contract would have to be cut back and refigured. If we vote it out on the ballot we will not have the option to get the money from the county.

Building Inspector – 3 Inspections, 1 building permit for pole barn.

Zoning – Ask Kapps to write a business plan and return for winery requests.

Motion Dufort, support Rhines to accept minutes as written. Motion carried

Motion Ulrey, support Zeitz to accept treasurer's report as written. Motion carried.

Motion Dufort, support Barnet to pay bills totaling 9546.87. Motion carried.

SAESA – Paul Risner Stockbridge Township Supervisor commented that SEASA is a very well running department. Contracted with Livingston county to do our billing and hopefully we will get more of our money.

Cemetery Addition – Nothing new to report still waiting for easement.

Cell Tower- Sight has been approved by AT&T, now waiting for them to move forward.

Motion Ulrey, Support Dufort to adjourn. At 7:50 PM. Motion Carried

Detective Ryan Kramer from the Narcotics Squad has been with Ingham County for 7 years. Open meth cases here. New meth is quick and easy to make. People can make meth out of a pop bottle. Common practice, are people starting meth and leaving the bottle alongside the road. Dump the rest of the components and come back and get meth when it's done. Fertilizer pellets are replacing the anhydrous ammonia. New method just as dangerous and is definitely on the rise especially in the rural areas. Any suspicious bottles with hoses please call in the suspicion. With the new method of making meth, the high isn't as long as the anhydrous way. Call in reports to 517-394-5588 metro office x 116 Ryan Kramer.

Some roads that we will chip seal are not are worst roads. We can't afford capping right now. We want to maintain our roads that we can chip seal so they stay maintained. Want to keep our good roads on a scheduled maintenance.
