UPDATE

Dear Parents,

We hope our Lake Castle families had time to make preparations and take measures to protect themselves and their properties during these inclement weather conditions. At this time, the forecast has shown an increase in the intensity of Hurricane Laura, but it is predicted to flow to the west. As a result, it is forecast to not produce a strong impact in our area. Landfall is expected late Wednesday evening. As such, we currently plan to reopen school on Wednesday, August 26th. Of course, we will continuously monitor the situation and notify our families via Canvas if there is any change. Additionally, our school reopening/closure notification will be posted on our website ticker (lakecastleschool.com), the Lake Castle Parents Facebook page, and on WWL TV. May everyone stay safe!
