From the President's Desk:

I hope you all are having a great spring. The club is really getting busy this time of year. There's something for everyone to do and I hope to see you enjoying the grounds and our activities. The elections for club officers will be at the May 17th meeting. We will also be voting on a bylaw change to make sponsors for new members unnecessary.

Please remember you must have your current membership card displayed when on the grounds. This includes fishing and using the ranges. If you do not, you will be asked to leave.

We will have membership card holders for sale at the membership meetings. They have the new logo on them and are very nice. You can wear them around your neck, hang them from your belt, and all kinds of other options. They are only \$5.00.

JUNIORS

Hi Juniors!

Now that the weather is nice we can start doing outdoor activities during our meetings. Remember to come dressed to get dirty and wear good walking shoes. Also, if you are over 16 you will need a fishing license. Meetings are the 3rd Tuesday of the month, 7pm at the IWLA grounds, Junior Clubhouse.

COMING SOON TO IWLA YORK CHAPTER 67!

The Board has decided to address the ever increasing mis-use of the grounds by non members, by rerouting the incoming driveways a bit and adding an access gate with supervisory security cameras. Installation is set for sometime in April/May, and all members will be issued access cards the size of a credit card in lieu of membership cards beginning in the June or July timeframe. Details on the access card roll out will be sent via email in the coming months. This is an exciting new step for York IWLA. We are very excited about it, and look forward to membership feedback. - Gary Swope, Board Chair.

OTHER NEWS

DALLASTOWN TROUT IN THE CLASSROOM VISIT TO YORK IWLA - On Saturday, April 30th, Dallastown Intermediate students and staff visited York IWLA 67 for the finale of their spring "Trout in the Classroom" program, the release of their fingerlings. Each Spring they obtain trout eggs from the Pa Fish n Boat and Trout Unlimited partnership, for hatching in classroom aquariums. They then raise them to fingerlings, learning about their life cycle and their environment, learning how watershed conservation and management efforts affect their habitat.

Some 50+ students and their families gathered for the release, some stream stompin, stream critter surveys, tree planting, fly fishing demo's, a tour of our nursery on stocking day and for angling for the ever elusive adult trout, dropped in the creek by our trout co-op folks. Judging by the smiles, squeals and wet kids, the event was a huge success. It was great to see kids on the grounds again, learning about and enjoying nature.

For more info on the program, please visit the program's very cool website, www.patrountotheclassroom.org.

BUILDING & GROUNDS

We have a work detail planned for Sunday, May 22nd at 9:00 am. Please email me at president@yorkiwa.org and let me know if you plan to attend. I'm not sure what we'll be doing yet, but be ready for painting, and yard work. It's always good to have work gloves and boots. Bring any tools you think are handy. I'll email everyone who signs up with more details on our projects ahead of time.
