

# OZA Inspections Ltd.

*A Member Company of the OZA Group*

January 2019

## TO ALL OF OUR VALUED CLIENTS

Dear Sir/Madam:

***It's with great pride and pleasure that we announce this year marks our 43<sup>rd</sup> year in business!***

Forty-three years of service represents a milestone to us and we want to take this opportunity to express our sincerest gratitude to each of you, our customers and clients, for your continued loyal patronage.

With practical experience dating back into the late 50's, I pioneered an industry that helped develop and refine invaluable services including but not limited to: Pre and Post Construction Condition Surveys, Vibration Studies and Assessment, Risk Analysis, Hazard Assessment, Noise and Vibration Monitoring, Damage Claim Assessments Environmental Noise Studies, OZA Seismograph and OZA Gauge Crack Monitor Manufacturing and Specification Development.

Today I am thinking much more about OZA's future than its past. Over the past forty-three years OZA had the advantage of many dedicated, excellent employees. We continue to have the resources to lead the industry and solve tough problems towards protecting your interests. Notwithstanding our storied history, what matters most is what we do next. Going forward we have a strong commitment to engage every facet of modern technology and to continue to research and develop the best methods in loss control to better serve your needs. In the coming years we will take every opportunity to expand our horizons and reach even more businesses and organizations around the world.

*As the world's markets become more accessible and environmental awareness grows, OZA will continue to be an innovative leader through our most valuable asset . . . Our Team!*

Thank you for your part in helping make OZA a dynamic group of companies, not only now, but also for decades to come. We couldn't have done it without you.

Best regards,
