

Introducing: The OmniTrust™ #213 Series Black Nitrile Powder Free Examination Glove

Introducing our OmniTrust™ Black Nitrile Powder Free Medical Examination Gloves. This is an excellent "soft" glove for use in Emergency, Rescue, Police and Forensic situations as well as in any other area where a black glove is preferred. The #213 series black nitrile glove is a very strong glove, yet thin enough to provide the necessary touch they need to perform delicate activities. And yes, it has the strength for uses beyond health care including tattoo, automotive, printing and other industries. Our 213 series has a smooth finish with micro-textured finger tips for added grip control without loss of tactile sensitivity. OmniTrust™ Black Nitrile Powder Free Medical Examination Gloves are flat packed for optimum dispensing in sizes small through extra-large.

Features/Benefits:

- Unique Polymer Coating
- Not Made With Natural Rubber Latex
- Textured Fingers for Tactile Sensitivity
- Comfortable, Soft and Forms Like a Second Skin
- Ambidextrous, Beaded Cuff, Single Use Only
