

# Natural Daylight Solutions Ltd

## NDS Aluminium Planters

We offer a designer standard collection of stylish planters, from a simple window box or herb garden to large scale commercial features. Modern Contemporary to Shabby Chic we offer our customers a wide range of materials, colours and finishes. We specialise in bespoke design to our customers exact requirements, blending material and finishes that complement local Architecture.

Materials are sourced and manufactured by our own team in the UK, we have a wealth of skill and experience working with a variety of materials such as:

• Aluminium • Copper • Stainless Steel • Zinc • Galvanised Steel

We offer an extensive range of finishes and colours including brushed, polished, galvanised or natural. Planters can be Powder Coated in any RAL colour with a gloss, matt or satin finish. In addition we are able to wrap products in a specific design or company logo.

Modern Contemporary Planter to  
Shabby Chic

we offer our customers a wide range  
of materials, colours and finishes.
