

Summer Home Learning

Dear Students,

At Wadham School we are always looking at ways of giving our students every opportunity to challenge themselves. Although we firmly realise that our students need to relax during the summer holidays, some of this time could be used in preparation for year 11. With this in mind, I have asked your teachers to come up with tasks that you could be doing over the summer that they believe will make a real difference when you come back in year 11. Many of these tasks are purely writing a quiz with answers or more specific tasks. Please have this work ready for the first week back in September.

Your teachers and myself are very much looking forward to seeing and rewarding your hard work.

Yours sincerely,

Mrs Hutter
Director of Learning
