

Delaware, Lackawaxen and Stourbridge Railroad...Freight Services

Delaware, Lackawaxen and Stourbridge Railroad (DLS), operator of the 25 mile Stourbridge Railroad, also offers rail freight service in addition to seasonal excursion train service.

DLS offers rail-truck transfer of bulk and finished products via its own transfer site and via rail served warehouses on line. DLS owns rail served land ready for industrial development and serves several privately owned parcels ready for development.

DLS connects with New York Susquehanna and Western Railroad (NYSW) CNYK division at Lackawaxen, PA offering connections to Norfolk Southern and CSX rail networks via NYSW connecting service.

DLS has ample space for your rail car storage needs.
