If you know of anyone who should receive some outreach support, please let Sharon Baker know (303-229-4868 or ske4baker@aol.com).

THANK YOU!

Our potluck luncheon at the Concordia Event Center on July 6th, was exceptional ! As promised, one of the Denver Police K-9 handlers was on hand who gave a very interesting and informative presentation on how the police dogs assist officers with suspect apprehension, as well as drug and weapon recovery, etc. Mike Hesse, President of the Denver Police Museum, was also in attendance to give an update on the Museum and he brought one of the vintage Denver Police cars to the luncheon, which is pictured below. In addition, here are some other pictures of Metro/SWAT Technician Nate Decker and his K-9 partner, Cairo!
