

Walker Family

I am Lacie Walker, Avaleigh Walkers mom. I wanted to share my testimonial for VCS - such a blessing in our lives.

There is no doubt in my mind the Lord brought us to VCS. We had been anxiously looking into schools in our community as our daughter was about to start Kindergarten. We wanted a place that not only taught a curriculum that aligned with our beliefs but our daughter could openly speak of her love of God and be supported while learning all about the Bible and grow in her faith. Little did we know the positive impact not only for our girl the school would have but the beautiful support of a community our family received. We have since grown in our faith as a family and we attend church services, Sunday school and our daughter enjoys Awana's for her 2nd year in a row. One of my favorite things about how our daughter has grown- is her complete love for her faith and her, wise beyond her years, Christian words of wisdom. VCS is not only a wonderful School but it has filled a sense of support that my Family and myself needed. We are forever grateful for VCS and their wonderful Staff.
