

## ARMS WIDE OPEN CDC

is a {501©3} tax-exempt nonprofit organization that specializes in home and community-based services. The mission of **Arms Wide Open CDC** is to provide the most economically needy members of the in-home aged, chronically ill and disabled communities with supportive services for the purpose of enhancing their independence, comfort and safety.

**Arms Wide Open CDC** provides programs and services that fulfill its mission in three major ways:

1. Mobility equipment allows individuals with disabilities to interact with the world around them.
2. Case management and counseling help individuals with chronic illnesses and disabilities to access needed social and medical services.

3. Durable medical equipment & disposable medical supplies help people with disabilities to maintain their daily activities.

## ARMS WIDE OPEN CDC

offers the following services:

1. **Durable Medical Equipment for Children:** AWO provides wheelchairs, strollers, corner chairs, gait trainers, and other home health equipment.
2. **Durable Medical Equipment for Adults:** AWO provides wheelchairs, walkers, crutches, commodes, bathroom aids, canes, and other home health equipment.
3. **Disposable Medical Supplies:** AWO gives away many disposable items such as adult diapers and catheters.
4. **Life Care:** AWO provides case management services for the chronic ill and disabled.
5. **Home Secure:** AWO installs grab bars, hand-held shower hoses, non-skid surfaces, locks, lockboxes & smoke detectors.

6. **Life Coaching:** AWO provides counseling to consumers with developmental or physical disabilities and their families for the purpose of assisting in the alleviation of problems of adjustment and interpersonal relationships.

No one expects to suffer illness or injury that affects their mobility or independence. However, it can happen to anyone.

**Don't Trade/Junk Your Car!**  
Donate it to Arms Wide Open!  
Free Towing, Tax Deductible...

## ARMS WIDE OPEN CDC

captures existing resources, capitalizing on the extended life capacity of durable medical equipment by means of collecting equipment no longer in use, and placing it with individuals in need.

Durable medical equipment otherwise known as (dme) is equipment that:

1. can be used over and over again;
2. is ordinarily used for medical purposes; and,
3. is generally not useful to a person who is not sick, injured or disabled.

Many people with healthcare related problems that live at home often need the use of dme that assists them in meeting their daily activities and hygiene needs. The cost of purchasing or renting dme can be far beyond the means of those in need.
