Weekly Newsletter of the Kiwanis Club of Green Bay – Downtown
KIWANIS MEETING OF March 2nd, 2020

Members at the meeting were Maria, Anne, Ann, Dave, Emmet, Ben, Bob R, and Bob F.

Lunch included chicken breasts, what looked like mashed potatoes but (as I realized when I ate it) was actually mashed white rice, the ubiquitous salad greens and a chocolate birthday dessert for the first Monday of the month. The dessert was individual mounds of chocolate, all chocolate and very chocolatey!

We sang Happy Birthday for the March birthday of Pat Olejniczak, and for our two honorary members Chris Faymonville and Mike Gallagher. We also sang the Kiwanis song “Keep It Booming.” There were not enough members to make much booming.

A Happy Dollar from Bob Rowan as he told us that our former member Gloria Yu is considering living in the Philippines where her husband has a home, but she has a concern about the coronavirus.

This week’s Uber story was about a customer that Anne picked up at 12:30 a.m. in an alley next to the downtown YMCA. Anne had some concern about that location at that hour of the morning, but the passenger turned out to be a manager of a downtown restaurant who had just finished work. No problem, no worry.

Our speaker was Tessa Randolph, a Child Life Specialist at Bellin Hospital. This is a new position at Bellin and involves providing emotional and educational support for children who will have surgery. The goal is to reduce the fears of the children by explaining the medical procedure that they will have. Tessa also works with the families of the children to provide information and support to them. The program on Monday March 9th will be on the Fox River PCB clean up.
