

Cruise Leader Cruising Resources

- Coffee Pot
- Drink Dispenser
- 2 Folding Tables
- Defibrillator
- 3 plastic tubs to chill cool drinks
- Bocce Balls
- Boom Box/PA w/Microphone

All of the resources are normally stored at The Marina at Edison Ford between cruises. Please try to obtain the resources you need for your cruise from the most recent cruise leader. If you are not able to do that, the following people have a key to the storage area: the dock master, Chris Burger and Cecilia Strong. After your cruise, try to pass them on to the next cruise leader or return them to the storage closet at the Marina.

Note: As the Cruise Committee adds resources for use, this list will be updated.
