Adult Tap	TBD	

NEW STUDENT ENROLLMENT

New students are invited to enroll in The Total Broadway Foundations Program and in any of the Level/Series 1/1a Elective Courses. In-class evaluations will take place during the first 2 weeks of training. Parents will be notified via email if a placement adjustment is decided. Because KSMT takes a professional & structured curriculum approach to teaching Musical Theater, starter levels in KSMT programs are typically found to be challenging & beneficial even to students possessing previous training & performance experience.

For advanced placement consideration, students with at least three full years of reputable, recent, formal training in the discipline in which they wish to enroll may submit a short one minute video demonstration of skill & technical knowledge. Academy@KeystoneTheater.org subject line: New Student/Evaluation Request.
