

Our Energy is your Energy

Capability Statement

Atlantic Petroleum & Mineral Resources, Inc., is engaged in the sale, marketing, and distribution of fuels, lubricants, chemicals and services to automotive, industrial, commercial, construction, and agricultural consumers throughout the southern US. Atlantic Petroleum has become a notable unbranded and branded distributor of quality and competitively priced petroleum products, chemicals and transportation services. We distribute both branded and unbranded gasoline and diesel products, and carry a complete line of lubricants, oils, and specialty Chemicals. We also feature filters and smart metering technology among others. We aim for “Integrated Petroleum Management” solution to meet our customer’s needs.
