

## Emissaries of Peace Have a Reminder for Our Collective Human Consciousness

“As I have said, the first thing is to be honest with yourself. You can never have an impact on society if you have not changed yourself... Great peacemakers are all people of integrity, of honesty, but humility.”

“The first peace, which is the most important, is that which comes within the souls of people when they realize their relationship, their oneness with the universe and all its powers.”

“A man is not called wise because he talks and talks again; but if he is peaceful, loving and fearless.”

“Peace is a state of being ... being in the present in harmony and balance with all things.”

“Peacemakers who sow in peace reap a harvest of righteousness.”

“Even though it is difficult to expect the wonders of world peace, still, it is the duty of each being to do his bit, to add on a ‘thought of peace’ so that the energies created will be powerful enough to divert a great disaster. Even when others do not do their bit, it is your duty to single-handedly do yours with every ounce of your energy.”

"We must come to see that the end we seek is a society at peace with itself, a society that can live with its conscience."

“I observe in the limited field in which I find myself, that unless I can reach the hearts of men and women, I am able to do nothing. I observe further that so long as the spirit of hate persists in some shape or other, it is impossible to establish peace or to gain our freedom by peaceful effort.”

"If we have no peace, it is because we have forgotten that we belong to each other."

“Lord, make me an instrument of thy peace.”

“Imagine all the people living life in Peace. You may say I’m a dreamer, but I’m not the only one. I hope someday you will join us, and the world will be as one.”

“When there are billions holding the energy of the only acceptable reality being peace and love, then peace will reign.”
