U.S. High School Bowling Foundation's policy regarding All-Star and Postseason contests

- All future U.S. High School Bowling National Championship competitions will only be scheduled during the summertime; between the calendar dates of June 1st and July 31st, so to not interfere with class time during the regular academic season.
- Consistent with the principle of a culminating event, the U.S. High School Bowling Foundation will only schedule one (1) U.S. High School Bowling National Championship™ per year/season.

The NFHS can neither grant nor refuse permission for any high school to attend any event. That function is not within the organization's jurisdiction. Inquiries regarding permissibility should be directed to the schools themselves, and to their respective state high school associations.
