

The well being and safety of the children at Hopping Hill is our priority. We ask that this is also your priority whilst you are in our school.

What to do if you have a concern about a child's well being.

The Designated Safeguarding Lead in school is the Deputy Head, Michelle White. You can also address concerns regarding the well being of a child to the Head teacher, Sam Phillips. In their absence please talk to our family support worker, Rebecca Cronin. Please don't hesitate to pass on concerns no matter how 'small' they may seem.

If your concerns are regarding school staff or other visitors in school please direct your concerns to the head or deputy head in her absence. Gill Newman in the office will advise in the absence of both.

Any concerns regarding the Head teacher should be directed to the Chair of Governors, Lee McRae. His contact details are available on the staff room safeguarding board or from Gill Newman in the school office.

What to do if you witness bullying.

If you have any concerns or witness any incidents involving children, please report this to the class teacher who will follow the school's policies that are in place. If the incident involves any adult please talk to the head teacher, or in her absence the Deputy Head teacher.

A copy of all key safeguarding documents are available in the staff room on the safeguarding board. The staff room is located near the reception classrooms.

The well being and safety of the children and staff at Hopping Hill is our priority. We ask that this is also a priority while you are in school

Signing In and Out.

Please sign in at the front office using the entry signing system where office staff will ask you for your ID and/or DBS if it is your first time in school. Please wear your lanyard (visitor's pass) at all times. Please ensure to sign out and hand in your lanyard when you leave. DO NOT open the door to give entry or exit unless they are school staff or are accompanied by school staff.

What to do if you hear the emergency alarm.

There are several fire marshals in school – Gill Newman in the office is one of these. Should you require further information please ask her.

If you hear the emergency alarm, leave the school via the nearest exit. Please take time to locate these around the school or ask where they are. There are information posters with fire exit routes in many areas. The meeting point is the back of the school field. If you are responsible for a class ensure you know how many children are present at all times (including those class members who might not be in the classroom). You will then need to do a quick head count once the class is lined up on the field. Immediately notify the head or senior staff member if someone is unaccounted for. The class child and adult register will then be given to you for completion. A visitor's register will be checked by office staff. If you come across a fire please activate the alarm by hitting a break glass point.

What to do if you if the school needs to lock down.

A member of staff will inform you in the event of lock down being necessary. This could be full lock down that will involve you and the children and adults securing themselves in a room – away from windows and doors and pulling down blinds or partial lockdown that will involve as above but with movement within the school still being deemed safe. If you believe there is a situation that requires lock down please inform the nearest member of staff who will know who to pass this information on to .

What to do Someone Needs First Aid .

The majority of staff in school are first aiders. Should you need one, please ask any staff member who will help you. First aid kits are located around school: a green sign with a white cross indicates where these are.
