
What's up with

W eekly paperwork is to be inside a drop box by 8 am every Monday morning! Please ensure you complete this requirement!

We now have an account at Smokin Wands Wash in Westlock for all your truck and trailer washing needs!

Walking floor trailers will now have their yearly CVIP and a second inspection after 6 months. 2 services per year will help ensure our trailers are in tip top shape!

Remember!

Please make sure you are stapling your fuel receipts to your paper logs if you are using paper. This helps keep paperwork organized when it comes time to audit the logbooks!

Our first annual BBQ is booked and fast approaching! It is at Summerdale Hall on highway 18 west of Barrhead. There is overnight camping for those who want to bring their trailers.

There is indoor plumbing and a kitchen! We have it booked for the entire weekend. There is a ball diamond outside and a dance floor inside! I would love to have an idea of who is planning on coming, just to get an idea of expected numbers! If you are planning on attending, please touch base!

We are having a truck photo submission! If you would like to submit a photo of your truck and trailer, please do! We have a few photos of some already which are stunning! Just send them my way and they will be published as soon as we have enough! Of course, clean trucks are better in a photo than dirty ones!

Safe places to be while you are being loaded do not include being inside your trailer! Please do not stand inside of your trailer when being loaded with anything!

This is not safe!

The overpass on highway 2 northbound at Morinville is still closed to tractor/trailers. Southbound is open but please do not risk travelling north on this overpass!

The PremierTech possum trailers are now being cycled through their first CVIP! We are insuring and registering the trucks under Werkman Transport so that means no more farm plates! (And no more Diamond Edge Services!) The trailers will have their work done at Ocean Trailer
