DEMOLITION OF THE OLD SCHOOL

To fulfill the mission of Active Citizens of Twinsburg click on news issues <http://www.activecitizensoftwinsburg.com/home.html> . I will continue as Statutory Agent to promote the mission “to educate the people of Twinsburg and inform them of all the local issues affecting their lives and property”. Following is the recent action regarding the DEMOLITION OF THE OLD SCHOOL.

I have an undocumented report that on December 12, 2013, the ARB unanimously (5 votes) responded to the city’s July 18, 2013, application for a “Certificate of Appropriateness” for the DEMOLITION of the Old School at 8997 Darrow Rd. (P. P. # 64-00109). The certificate signed by Chairman Architectural Review Board Don Spice and Larry Finch Building commissioner will include attached minutes , confirming as follows: “The Architectural Review Board has indicated that the city’s proposed environmental change (DEMOLITION) within an historic site or structure **IS** ~~(is not)~~ in accordance with the provisions of the historic preservations regulations.

As more information becomes available ACT will continue to post research, findings and opinions on this web site <http://www.activecitizensoftwinsburg.com/home.html> .

SALLY GAYDOSH, STATUTORY AGENT
